SERVICE MANUAL FOR '88 MODELS

SM-1000-001
1-1

FOREWORD

This manual contains procedures for diagnosis, maintenance adjustments, service operations, replacement of components (fasteners) and for disassembly and assembly of major components.

The contents are classified into sections each of which is given a section number as indicated in the Table of Contents on next page. And on the first page of each individual section is an index of that section.

This manual should be kept in a handy place for ready reference of the service work. Strict observance of the so specified items will enable you to obtain the full performance of the vehicle.

When replacing parts or servicing by disassembling, it is recommended to use GENUINE genuine parts, tools and service materials (lubricants, sealants, etc.) as specified in each description.

All information, illustrations and specifications contained in this literature are based on the latest product information available at the time of publication approval. The right is reserved to make changes at any time without notice. And read as the main subject of description is the vehicle of standard specifications among others. Therefore, note that illustrations and photos may differ from the vehicle being actually serviced.

IMPORTANT

It is important to note that, during any vehicle maintenance procedures, replacement fasteners must have the same measurements as those removed.

Mismatched or incorrect fasteners can result in vehicle damage or malfunction, or possible personal injury.

Therefore, fasteners removed from the vehicle should be saved for reuse whenever possible.

When the fasteners are not satisfactory for reuse, care should be taken to select a replacement that matches the original.

Additional information concerning this subject will be found in the section 0 (METRIC INFORMATION).

This service manual is applicable to vehicles of and after the following body number:
