Abstract

ATTENTION: Read THESE INSTRUCTIONS CAREFULLY before starting the test.

1. Objective: To identify and grade performance on the basis of the test. (Please take safety precautions and equipment carefully.)

2. Test format: The test is a written examination. It consists of a series of questions and answers. The questions are divided into two parts: a multiple-choice section and a short-answer section.

3. Test instructions: Read the instructions carefully. Do not start the test until you are told to do so. Do not talk to anyone else during the test. Do not use any materials or equipment that are not provided for the test. Do not use any materials or equipment that are not provided for the test.

4. Test materials: The test materials include a test booklet, a test answer sheet, and a test answer key. The test booklet contains the questions and answers. The test answer sheet contains the answers to the questions. The test answer key contains the correct answers to the questions.

5. Test procedures: The test procedures include the following steps: (a) Read the instructions carefully. (b) Do not start the test until you are told to do so. (c) Do not talk to anyone else during the test. (d) Do not use any materials or equipment that are not provided for the test. (e) Do not use any materials or equipment that are not provided for the test.

6. Test results: The test results are the scores on the test. The scores are calculated based on the number of correct answers. The scores are used to determine the grade for the test.

7. Test feedback: The test feedback is the information provided to the test taker about the test results. The feedback includes the test score, the number of correct answers, and the number of incorrect answers.

8. Test evaluation: The test evaluation is the process of assessing the test results. The evaluation includes the test score, the number of correct answers, and the number of incorrect answers.

9. Test conclusion: The test conclusion is the final result of the test. The conclusion is based on the test results and the test feedback.

10. Test summary: The test summary is a brief overview of the test. The summary includes the test score, the number of correct answers, and the number of incorrect answers.
