The Observation Protocol for Academic Literacies Magaly Lavadenz, Elvira G. Armas, 2024-01-16 This book presents a validated observation instrument to support and further develop the pedagogic expertise of teachers of English Learners in US schools. Based on sociocultural and second language teaching and learning theories, the Observation Protocol for Academic Literacies (OPAL) has a variety of uses across teacher preparation programs, pre-K-12 classroom contexts, and school districts. This book leads the reader through the process of using OPAL with real classroom observations in the form of vignettes in order to develop confidence and reliability, scoring evidence in research-based practices. The book provides examples of its non-evaluative uses to conduct research, support teachers, and identify areas of strength and weakness in their professional development. It also offers researchers and policymakers a tool for collecting classroom-based evidence to inform the implementation and refinement of English Learner programs.

Ten Traits of Highly Effective Schools Elaine K. McEwan-Adkins, 2008-07-16 The redoubtable Grandma this book is a sequel to *Grandma Drove the Snowplow* is at it again. After all her hard work collecting the town's garbage and plowing the roads, Grandma deserves a day off and what better day than Labor Day. All she has to do is sit back and enjoy a nice boat ride with her littlest grandson Billy while her sons catch the lobsters for the town Lobster Bake. But what happens when the waves get choppy, the fog rolls in, and all the boats are in difficulty? Can Grandma take the helm and get the lobsters back to shore in time? More great fun as our intrepid heroine is again placed at the center of small town life and in the middle of a local celebration.

Using Innovative Literacies to Develop Leadership and Agency: Inspiring Transformation and Hope Pinhasi-Vittorio, Limor, Ben-Yosef, Elite, 2023-03-27. The global pandemic has caused devastating social and economic disruptions worldwide. These circumstances have widened and deepened the inequalities of access to socio-economic and academic achievement for diverse groups. This new reality compels us to look for possibilities of developing leadership and agency that will lead to transformation and hope in our communities. One of the ways to implement change is through the use of literacy practices. Utilizing diverse and innovative literacy approaches can allow for better access to educational opportunities and promote critical thinking, a better understanding of the world, and an awareness of others and self. **Using Innovative Literacies to Develop Leadership and Agency: Inspiring Transformation and Hope** presents multiple innovative literacy approaches that promote self-leadership and agency for individuals and communities. The work included showcases practical field experiences supported by a theoretical framework. Covering topics such as spatial literacy, digital storytelling, art literacy, and self-leadership, this premier reference source is an essential resource for business leaders and executives, community leaders, faculty and administrators of both K-12 and higher education, pre-service teachers, teacher educators, students of higher education, librarians, researchers, and academicians.

Flip the Script Rebecca A. Knighton, Jessica R. May, 2025-07-10. In **Flip the Script**, the authors propose that to build relationships with and engage students, educators must examine core beliefs and assumptions that create unintentional barriers to supporting students. Through self-exploration, empathy building, and real-life examples from five master teachers, educators can learn how to help students break down negative thought patterns and become engaged learners. Secondary teachers can use this book to remember what it was like to be adolescents, increase students' enthusiasm and willingness to actively engage in class, use examples from five highly effective teachers to deepen pedagogy and develop exceptional skills and mindsets, approach student conflicts with authenticity and respect using those experiences as opportunities to guide student growth, reframe how students see themselves as learners, and increase students' self-efficacy and hope for the future, changing the trajectories.
