Greene, Martin A. Klein, 2013-05-13 Though the history of slavery is a central topic for African Atlantic world and world history most of the sources presenting research in this area are European in origin To cast light on African perspectives and on the point of view of enslaved men and women this group of top Africanist scholars has examined both conventional historical sources such as European travel accounts colonial documents court cases and missionary records and less explored sources of information such as folklore oral traditions songs and

proverbs life histories collected by missionaries and colonial officials correspondence in Arabic and consular and admiralty interviews with runaway slaves Each source has a short introduction highlighting its significance and orienting the reader This first of two volumes provides students and scholars with a trove of African sources for studying African slavery and the slave trade     **The Tiger Lily** George Manville Fenn,1894     *Subjects of Slavery, Agents of Change* Kari J.

Winter,2010-07-01 In *Subjects of Slavery Agents of Change* Kari J Winter compares the ways in which two marginalized genres of women s writing female Gothic novels and slave narratives represent the oppression of women and their resistance to oppression Analyzing the historical contexts in which Gothic novels and slave narratives were written Winter shows that both types of writing expose the sexual politics at the heart of patriarchal culture and both represent the terrifying aspects of life for women Female Gothic novelists such as Emily and Charlotte Bronte Ann Radcliffe and Mary Shelley uncover the terror of the familiar the routine brutality and injustice of the patriarchal family and of conventional religion as well as the intersecting oppressions of gender and class They represent the world as in Mary Wollstonecraft s words a vast prison in which women are born slaves Writing during the same period Harriet Jacobs Nancy Prince and other former slaves in the United States expose the all pervading corruption of southern slavery Their narratives combine strident attacks on the patriarchal order with criticism of white women s own racism and classism These texts challenge white women to repudiate their complicity in a racist culture and to join their black sisters in a war against the peculiar institution Winter explores as well the ways that Gothic heroines and slave women resisted subjugation Moments of escape from the horrors of patriarchal domination provide the protagonists with essential periods of respite from pain Because this escape is never more than temporary however both types of narrative conclude tensely The novelists refuse to affirm either hope or despair thereby calling into question conventional endings of marriage or death And although slave narratives were typically framed by white authored texts containment of the black voice did not diminish the inherent revolutionary conclusion of antislavery writing According to Winter both Gothic novels and slave narratives suggest that although women are victims and mediators of the dominant order they also can become agents of historical change     **African Islands** Toyin Falola,R.
