The Variety of Values Susan R. Wolf, 2015 For over thirty years Susan Wolf has been writing about moral and nonmoral values and the relation between them This volume collects Wolf's most important essays on the topics of morality love and meaning ranging from her classic essay Moral Saints to her most recent The Importance of Love Wolf's essays warn us against the common tendency to classify values in terms of a dichotomy that contrasts the personal self interested or egoistic with the impersonal altruistic or moral On Wolf's view this tendency ignores or distorts the significance of such values as love beauty and truth and neglects the importance of meaningfulness as a dimension of the good life These essays show us how a self conscious recognition of the variety of values leads to new understandings of the point the content and the limits of morality and to new ways of thinking about happiness and well being

The Translation of Religious Texts in the Middle Ages Domenico Pezzini, 2008 The transition from Latin to vernacular languages in the late Middle Ages and the dramatic rise of a new readership produced a huge bulk of translations

particularly of religious literature in its various genres The solutions are so multifarious that they defy any attempt to outline general theories This is particularly visible when the same text is translated or rewritten at different times and in different languages or genres Through a minute analysis of texts this book aims at highlighting lexical syntactic and stylistic choices dictated not only by the source but also by new readers and patrons or by new destinations of the works Established categories such as literalness and fidelity are thus questioned and integrated with these other factors which while being more external do nonetheless impinge on the very idea of translation and consequently on its assessment Far from being a mere transfer from one language to another a medieval translation verges on a form of creative writing and as such its study becomes a fascinating investigation into the very process of textual production **The Volcano** Dorothy Fife,2024-01-10

This is a love story not quite a Barbara Cartland type but not far off There is much travel much hardship for the heroine but in the end all ends well *Shakespeare's Tragedies: All That Matters* Michael Scott,2015-06-18 In Shakespeare s Tragedies All That Matters Michael Scott explores and explains the secrets that have made Shakespeare s tragedies so enduring that they continue to be performed watched and studied by millions of people every year Professor Scott concentrates on the four great tragedies Hamlet King Lear Othello and Macbeth and builds an argument based around Shakespeare s use of language to prompt the audience s imagination and thought This original little book and its companion volume Shakespeare s Comedies will help you understand each of the plays in the context of its oeuvre and the changing concept of Shakespearean tragedy across the centuries Appealing to both students and general readers this book gives a fascinating introduction to Shakespeare s tragedies and what matters most about them [The British Marxist Historians](#) Harvey J. Kaye,2022-09-30

The British Marxist Historians remains the first and most complete study of the founders of one of the most influential contemporary academic traditions in history and social theory In this classic text Kaye looks at Maurice Dobb and the debate on the transition to capitalism Rodney Hilton on feudalism and the English peasantry Christopher Hill on the English Revolution Eric Hobsbawm on workers peasants and world history and E P Thompson on the making of the English working class Kaye compares their perspective on history with other approaches such as that of the French Annales school and concludes with a discussion of the British Marxist historians contribution to the formation of a democratic historical consciousness *The British Marxist Historians* is an indispensable book for anyone interested in the intellectual history of the late twentieth century **Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1901

A. Milne,2016-12-08 An Eclectic Essay Collection from Winnie the Pooh's Father Not That It Matters is a collection of essays that appeared in a variety of newspapers at the beginning of the last century sort of an upper class mild mannered Dave Barry of the 20's Many were charming and generally

humorous in gentle whimsical way as you might expect from the author of Winnie the Pooh Some were a bit dated such as the essay about the perfect walking stick or the one about pipe smoking and there is some use of some now un politically correct language but others felt just as current now as they must have been then such as the essay titled Intellectual Snobbery about the shame one feels about reading popular fiction as opposed to the classics or the one titled My Library about the eternal quandary of how to best arrange one s books These essays are probably best enjoyed a few at a time over days or weeks and not all in one go From Goodreads Get Your Copy Now
