Publishing, Printing, and the Origins of the Intellectual Life in Russia, 1700-1800 Gary Marker, 2014-07-14 Gary Marker describes the pursuit of an effective public voice by political Church and literary elites in Russia as synonymous with the struggle to control the printed media showing that Russian publishing and printing evolved in a way that sharply diverged from Western experiences but that proved to be highly significant for Russian society Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *AIGA Catalog Omnibus 1975-1976* American Institute of Graphic Arts, 1976

The Roman Book Rex Winsbury, 2014-01-23 The publishing of Roman books has long and often been misrepresented by false analogies with modern publishing This comprehensive new study examines by appeal to what Roman authors themselves tell us both the raw materials and aesthetic criteria of the Roman book a papyrus scroll and the process of literary composition What was the scribal art of the time What was the role of bookshops and libraries What control did an

author have over his creation How were new books received and used by readers To answer these questions Roman publishing is placed firmly in the context of a society that despite the omnipresence of writing was still predominantly oral This context helps to explain how some books and authors became politically dangerous and how the Roman book could be both a cultural icon and integral part of the self definition of Rome s governing elite and a direct contributor to popular culture through the mass medium of the Roman theatre Uncaged Love: Rafe & Harper KaLyn Cooper,2017-02-14 The jungle isn t the only thing that s hot while escaping a Colombian cartel Undercover CIA agent Rafe Silva never expected the Colombian drug lord he worked for to kidnap ATF Special Agent Harper Tambini and forced to use her explosives knowledge to kill his competition She reminds Rafe of his murdered fianc e and the shadow world he wants to leave Harper learned the hard way that men never stay so now she doesn t keep them around long enough to see if the sparks can light a fire that will last forever Forced to trust Rafe as he helps her escape they make their way through the rivers mountains and jungles In their short time together can they crystallize a relationship or will it all blow up Uncaged Love is the second book in KaLyn Cooper s Black Swan series filled with strong heroines and the alpha heroes who dare to capture the heart of a woman warrior Each romantic suspense features one of the active duty women secretly trained in SpecOps and a member of the Ladies of Black Swan If you like action packed military stories a kidnapping with twists and turns and sizzling hot romance buy Uncaged Love today Martyrs and Tricksters Walter Armbrust,2019-08-06 An important look at the hopeful rise and tragic defeat of the Egyptian Revolution of 2011 The Egyptian Revolution of 2011 began with immense hope but was defeated in two and a half years ushering in the most brutal and corrupt regime in modern Egyptian history How was the passage from utmost euphoria into abject despair experienced not only by those committed to revolutionary change but also by people indifferent or even hostile to the revolution In Martyrs and Tricksters anthropologist and Cairo resident Walter Armbrust explores the revolution through the lens of liminality initially a communal fellowship where everything seemed possible transformed into a devastating limbo with no exit To make sense of events Armbrust looks at the martyrs trickster media personalities public spaces contested narratives historical allusions and factional struggles during this chaotic time Armbrust shows that while martyrs became the primary symbols of mobilization no one took seriously enough the emergence of political tricksters Tricksters appeared in media not the vaunted social media of a Facebook revolution but television and they paved the way for the rise of Abd al Fattah al Sisi In the end Egypt became a global political vanguard but not in the way the revolutionaries intended What initially appeared as the gateway to an age of revolution has transformed the world over into the age of the trickster Delving into how Egyptians moved from unprecedented exhilaration to confusion and massacre Martyrs and Tricksters is a powerful cultural biography of a tragic revolution Book History Ezra Greenspan,Jonathan Rose,2000-08-01 Book History is the annual journal of the Society for the History of Authorship Reading and Publishing Inc SHARP Book History is devoted to every aspect of the history of the book broadly defined as the history of the creation
