Sarigumba,2014-02-14 As an autobiography The Distant Glow traces the story of my life to the rough and rigorous way of life in Corella Bohol my birthplace Descending from generations of very poor and illiterate ancestors I exceeded my parents grade three education by finishing grade six and graduating as elementary school valedictorian Because my parents could not afford to send me to high school in the city I stayed out of school for six years helping my father on the farm and my mother in household chores One of several backbreaking works I used to do was climbing several coconut trees about 50 feet in height to tap the trees sanggutan for tuba a coconut juice that yields mildly alcoholic drink I used to climb 20 coconut trees every morning noon and evening mount over top sit on one of the palms and tap the juice One evening after sunset while atop the sanggutan I saw a glow a distant glow I muttered to myself Someday Ill find out what causes that glow I equated that statement to my goals in life I did find out what caused the distant glow Other distant glows appeared and I reached most of them with hard work and having a dream When the owners of a private school offered me an

opportunity to go to their school free of tuition provided that I maintained the first place standing in the class honor roll I went to high school starting at age 20 To help shoulder the other costs of going to high school in the city I paid my room and board with service scrubbing and polishing the floor fetching water from an artesian well and gathering firewood every weekend for the landlord family With all the hardship I maintained the tuition free deal and graduated from high school as class valedictorian

Explorer Lisle A. Rose,2013-06-29 Danger was all that thrilled him Dick Byrd s mother once remarked and from his first pioneering aviation adventures in Greenland in 1925 through his daring flights to the top and bottom of the world and across the Atlantic Richard E Byrd dominated the American consciousness during the tumultuous decades between the world wars He was revered more than Charles Lindbergh deliberately exploiting the public s hunger for vicarious adventure Yet some suspected him of being a poseur and a handful reviled him as a charlatan who claimed great deeds he never really accomplished Then he overreached himself foolishly choosing to endure a blizzard lashed six month polar night alone at an advance weather observation post more than one hundred long miles down a massive Antarctic ice shelf His ordeal proved soul shattering his rescue one of the great epics of polar history As his star began to wane enemies grew bolder and he struggled to maintain his popularity and political influence while polar exploration became progressively bureaucratized and militarized Yet he chose to return again and again to the beautiful hateful haunted secret land at the bottom of the earth claiming not without justification that he was Mayor of this place Lisle A Rose has delved into Byrd s recently available papers together with those of his supporters and detractors to present the first complete balanced biography of one of recent

history's most dynamic figures Explorer covers the breadth of Byrd's astonishing life from the early days of naval aviation through his years of political activism to his final efforts to dominate Washington's growing interest in Antarctica Rose recounts with particular care Byrd's two privately mounted South Polar expeditions bringing to bear new research that adds considerable depth to what we already know He offers views of Byrd's adventures that challenge earlier criticism of him including the controversy over his claim to being the first to have flown over the North Pole in 1926 and shows that the critics' arguments do not always mesh with historical evidence Throughout this compelling narrative Rose offers a balanced view of an ambitious individual who was willing to exaggerate but always adhered to his principles a man with a vision of himself and the world that inspired others who cultivated the rich and famous and who used his notoriety to espouse causes such as world peace Explorer paints a vivid picture of a brilliant but flawed egoist offering the definitive biography of the man and armchair adventure of the highest order *Steel* ,1958 [Air University Library Index to Military Periodicals](#) ,1965 [The Advocate](#) ,2001-08-14 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States *Scientific and Technical Aerospace Reports* ,1982 **Catalog of Copyright Entries** Library of Congress.
