Copyright Office, 1965 Includes Part 1 Number 2 Books and Pamphlets Including Serials and Contributions to Periodicals July December Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1966 Government by the People James MacGregor Burns, 1997 Analyzes the political policies of the Clinton administration in the US and considers voting and party activity and Supreme Court decisions This book reflects the concerns and experiences of minorities in relation to the American government including political changes affecting minority groups **Outline of a Suggested Junior College Program in General and Vocational Aviation** United States. Civil Aeronautics Administration, 1947 A Bridging of Faiths N. J. Demerath III, Rhys H. Williams, 2014-07-14 Homelessness black neighborhood development problems of abortion and sex education how does religion affect the politics of an American city confronting these and other concerns And what differences have church and state issues made in these struggles In answering such questions A Bridging of Faiths conveys a feeling of the urgent social theater of Springfield Massachusetts and provides both a contemporary and historical sense of how power shapes and is shaped by the civic culture Recalling the immediacy and provocativeness of classic community studies like Middletown and Yankee City the work draws on the voices of Springfielders themselves while it exposes tendencies that prevail throughout contemporary America This is a tale of two establishments Protestant for three centuries Springfield has been for the last fifty years a Catholic city In looking at its emerging demographic political and economic patterns the book shows how church and state interact at the local level where lives are actually lived as opposed to how the law and public opinion say they ought to interact at the more abstract federal level While religion is more politically influential than some social scientists might have expected it does not possess the kind of power feared by many constitutionalists Politicians are seeking to redefine themselves in relation to religion and in other ways and religion as a whole faces subtle crises of mobility authority and secularization From these complexities new patterns of cultural and political authority have emerged in Springfield similar to those now affecting other American communities and the nation Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
