Cooking Jessamyn Neuhaus, 2003-07-28 From the first edition of *The Fannie Farmer Cookbook* to the latest works by today's celebrity chefs cookbooks reflect more than just passing culinary fads As historical artifacts they offer a unique perspective on the cultures that produced them In *Manly Meals and Mom's Home Cooking* Jessamyn Neuhaus offers a perceptive and piquant analysis of the tone and content of American cookbooks published between the 1790s and the 1960s adroitly uncovering the cultural assumptions and anxieties particularly about women and domesticity they contain Neuhaus's in depth survey of these cookbooks questions the supposedly straightforward lessons about food preparation they imparted While she finds that cookbooks aimed to make readers mainly white middle class women into effective modern age homemakers who saw joy not drudgery in their domestic tasks she notes that the phenomenal popularity of Peg Bracken's 1960 cookbook *The I Hate to Cook Book* attests to the limitations of this kind of indoctrination At the same time she explores

the proliferation of bachelor cookbooks aimed at the man in the kitchen and the biases they display about male and female abilities tastes and responsibilities Neuhaus also addresses the impact of World War II rationing on homefront cuisine the introduction of new culinary technologies gourmet sensibilities and ethnic foods into American kitchens and developments in the cookbook industry since the 1960s More than a history of the cookbook Manly Meals and Mom s Home Cooking provides an absorbing and enlightening account of gender and food in modern America

Professional Baking Wayne Gisslen, 2021-11-23 A comprehensive and reliable approach to the foundations of baking ideal for students and early career professionals In the newly revised Eighth Edition to Professional Baking best selling author Wayne Gisslen delivers a comprehensive and accessible introduction to baking practices including the selection of ingredients and proper mixing and baking techniques The book discusses makeup and assembly as well as skilled and imaginative decoration and presentation in a straightforward and learner friendly style Each recipe and formula still includes US and metric measurements The metric measurements have been updated and revised based on the baker s percentages of each ingredient the strong technique instruction of the formulas and recipes remain unchanged from previous editions The clear narrative is accompanied by links to technique videos glossaries and audio pronunciations math tutorials and quizzes to assist the student and professional baker in the development of both foundational and more advanced skills THE NEW EDITION INCLUDES Updates to the art program including new photos tables and illustrations throughout the book Revised and updated formulas and recipes including new material on emulsions revisions to the text explaining mixing techniques no knead breads and double hydration New material and recipes on the construction of entremets and revised material on the Joconde Method and dough lamination This latest edition of Professional Baking is an indispensable resource for both students of baking and professional chefs seeking a sound theoretical and practical foundation in baking practices
