Destroy Game Guide Human:

The Video Games Guide Matt Fox, 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's Spacewar through the present day releases on the PlayStation 3, Xbox 360, Wii, and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels, and of course the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

This Inevitable Ruin Matt Dinniman, 2025-09-23 NEW YORK TIMES BESTSELLER Carl and Princess Donut are ready to battle it out in the epic seventh book in the Dungeon Crawler Carl series, now with bonus material exclusive to this print edition. The ninth floor Faction Wars: Nine armies enter, led by rich and powerful aliens from across the galaxy. The winning team must capture and hold the castle at the very center of the battlefield. Strategy, alliances, pitched battles, betrayal. It all makes for great fun and even greater television. But thanks to Carl, Donut, and Katia, this season is different. For the first time ever, the crawlers have their own army. The NPCs who are normally used as nothing but cannon fodder have become fully self-aware and have formed an unprecedented team of their own. And it's not just the crawlers who are at risk. This Faction Wars. Any combatant who dies on the battlefield stays in the ground. For Donut and Katia, the stakes are even higher. No matter who wins the war, only one of them will be allowed to leave this level. If they all want to survive, they're going to need a little help from a veteran or two. This is it. This is what they've been fighting toward. This is war.

End-Game Lorenzo DiTommaso, James Crossley, Alastair Lockhart, Rachel Wagner, 2024-09-02 Video games are a global phenomenon, international in their scope and democratic in their appeal. This is the first volume dedicated to the subject of apocalyptic video games. Its two dozen papers engage the subject comprehensively, from game design to player experience, and from the perspectives of content, theme, sound, ludic textures, and social function. The volume offers scholars, students, and general readers a thorough overview of this unique expression of the apocalyptic imagination in popular culture and novel insights into an important facet of contemporary digital society.
