Advancing Africa's Sustainable Development Alain L. Fymat, 2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and

development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa *The Report: Kenya 2016* Oxford Business Group,2015-12-15 The Kenyan economy performed comparatively well in 2015 even in the face of global economic headwinds According to the World Bank GDP growth is expected to reach 5.4% for the year aided in large part by sustained public sector capital spending The country has a strong private sector and received encouraging signs of new oil gas and water reserves which if harnessed appropriately bode well for future growth The country s medium to long term economic outlook is robust With over 40% of the population under the age of 15 Kenya stands to benefit from a significant demographic dividend provided that sufficient jobs can be found when this population enters the workforce The country has a reasonably sized industrial base competitive infrastructure and a large agricultural sector all of which offer opportunities for capital intensive investment *Cosmos, Les Mondes; revue hebdomadaire des sciences et de leurs applications* ,1866
