Lifestyle, Biological Risk Factors for Non-Communicable Diseases in the Midst of Social Inequalities and COVID-19

Kotsedi Monyeki, Andre Pascal Kengne, Benedicta Ngwenchi Nkeh-Chungag, Han C. G. Kemper, 2023-07-31 [Resources in Education](#), 1997 [Current Index to Journals in Education](#), 1999 **Biology**, 1996 **Private Secondary Schools:**

Traditional Day and Boarding Schools Peterson's, 2011-05-01 Peterson's Private Secondary Schools Traditional Day and Boarding Schools is everything parents need to find the right day or boarding private secondary school for their child. Readers will find hundreds of school profiles plus links to informative two-page in-depth descriptions written by some of the schools. Helpful information includes the school's area of specialization, setting, affiliation, accreditation, subjects offered, special academic programs, tuition, financial aid, student profile, faculty, academic programs, student life, admission information, contacts, and much more. *Individual and Organizational Vulnerability and Resilience Factors in the COVID-19 Pandemic*

Barbara Hildegard Juen, Eva-Maria Kern, Sigridur Thormar, 2023-10-23 Vulnerability and resilience are concepts that have long been treated as individual and contradicting topics. In recent times, we have seen that vulnerabilities and resilience can go hand in hand and that vulnerabilities cannot be conceptualized only in simple terms because intersectionality must be considered as well as social, organizational, and systemic aspects and processes. One example is that women are more vulnerable; higher values in nearly all stress-related measures in the COVID-19 pandemic. This finding has to be analyzed from an intersectional perspective because socio-economic factors, cultural factors, exposure to COVID-19, and the type of occupation (e.g., healthcare sector, frontline workers) play an important role in how vulnerable or resilient women can be in a given society. The large number of studies on COVID-19 vulnerabilities makes it necessary to take a closer look at the resilience factors that often go hand in hand with potential vulnerabilities. As we see in the literature about pandemics in general and COVID-19, there are some individual, organizational, and systemic vulnerabilities that can be found in all pandemics. From that, we can assume that there will be resilience factors within the same concepts that may buffer vulnerabilities. **Private Secondary Schools** Peterson's, 2011-05-01 Peterson's Private Secondary Schools is everything

parents need to find the right private secondary school for their child. This valuable resource allows students and parents to compare and select from more than 1,500 schools in the U.S. and Canada and around the world. Schools featured include independent day schools, special needs schools, and boarding schools, including junior boarding schools for middle school students. Helpful information listed for each of these schools includes the school's area of specialization, setting, affiliation, accreditation, tuition, financial aid, student body, faculty, academic programs, social life, admission information, contacts, and more. Also includes helpful articles on the merits of private education, planning a successful school search, searching for private schools online, finding the perfect match, paying for a private education, tips for taking the necessary standardized tests, semester programs, and understanding the private schools admission application form and process. **Catalog of**
