Of Primary Importance Ann M. Corgill,2023-10-10 From the first chapter of Ann Marie Corgills Of Primary Importance What s Essential in Teaching Young Writers you experience the swirling energy the sights and the sounds of a primary classroom Forming the heart of the book are detailed units of study on poetry nonfiction and fiction writing that provide a clear demonstration of the writing workshop process at work throughout a school year You ll also find examples of favorite texts for teaching various craft components ideas for classroom organization and where to purchase materials suggestions for publishing student work lists of professional resources and most importantly inspiring examples of what children who are empowered to write can and will write Of Primary Importance is not a how to manual as much as it is a celebration of the idiosyncratic journey of teaching young children to write If you are a grade one through grade three teacher struggling to get your students writing well if you want to push your writing workshop to new dimensions or if you are just plain skeptical that primary kids can write something beyond I love my mom I love my dog The end this book is for you You will come away inspired challenged supported and wiser in your classroom writing instruction
