Title: "The Cat and the Hat"

Once upon a time, in a quaint little village nestled between rolling hills and lush green meadows, there lived a mischievous cat named Whiskers. Whiskers was not your ordinary feline; he had a penchant for adventure and a curiosity that often led him into unexpected situations.

One bright and sunny morning, as Whiskers lounged lazily on the windowsill of his cozy cottage, he spotted something peculiar fluttering in the gentle breeze outside. It was a colorful hat, adorned with playful polka dots and a feather that danced in the wind. Intrigued, Whiskers bounded outside to investigate.

As he approached the hat, a gust of wind swept it off the ground and carried it down the winding path that led into the heart of the forest. Without a moment's hesitation, Whiskers dashed after it, his tail swishing excitedly behind him.

here to view a video interview with the author by TV Personality Jim Peck in his show MPTV Public Television Milwaukee I
Remember with Jim Peck Every family has its own story to tell Be it tragic heartbreaking or triumphant each tale forms part
of a clan s history and defines its identity Author John Schissler Jr started with an autobiographical essay in his history class
in 1964 but didn t really give it much thought Recently through his brother s urging he felt somewhat obliged to reveal their
storied past After a painstaking research he now comes up with a book that narrates the fascinating history of his family
entitled Passage The Making of an American Family What started as a school requirement now developed into a detailed
memoir of a family s story that impacts the lives of many Passage chronicles the humble beginnings of John Schissler s family
and its struggles to weather the storms of life Thinking he already had the skeleton of the story Schissler looked for ways to
make the pieces of the tale fall into place Through the help of his parents relatives and friends he looked for connections
photos and other evidences to corroborate the existing story he already had Author Schissler traces his family s roots and
finds out that their relatives came from Donaueschingen Germany where there are two streams that come together to form
the source of the Donau Danube river He believes it is only fitting that his family who were Donauschwaben eventually ended
up in Wisconsin which in Native American language means gathering or meeting of the waters Passage is not merely a story
of a clan who survived the horrors of the world war against the innocent it also serves as a memorial to all the forgotten souls
and unsung heroes murdered by Stalin victims of the final solution and other nameless ones who were dumped
indiscriminately into mass graves Accompany John Schissler Jr as he revisits family s and his own unforgettable voyage to
survival in this remarkable imagery filled memoir Follow their exploits as they sought refuge in a foreign soil that embraced
them as if they were its own Join them as they celebrate diversity in their newfound land their new home called Amerca
Witness the bonds they formed the friendships and families they built the failures that brought forth success and life s
challenges that made them what they are today According to author Schissler War crimes don t necessarily end with the war
This is a true story about an ordinary World War II European family who was forced to embark on an extraordinary odyssey
fraught with danger disease and death to reach the shores of the Promised Land Shot at by British planes imprisoned by the
Russians and forced to work in the peat bogs of East Germany we finally escaped to West Germany where we found
temporary asylem until we completed our pilgrimage to Ellis Island The saga continues with my family s physical emotional

and social struggles to get a piece of that American Dream and our eventual assimilation into that cultural diversity of that melting pot which is America Book Review The self published memoir is definitely a genre on the rise I've purchased a couple of these types of books because their content helped me research my own family tree But the ambition of Mr Schissler's work is something special The scope is nearly epic and Schissler's cleverly balances personal history in the context of historic events a formula that imbues his narrative with an ingredient sadly lacking in so many other writings in this genre Propulsion of a story Schissler captures what really happens to people in the wicked no man's land of war and rehabilitation as his family must *Journal of the National Cancer Institute* ,1979
