

Student Learning Target (SLT)

Teacher: Cathy Hanks

Grade:	9-12 (9)	Subject:	Physical Education	# of Students:	36	Interval of Instruction:	☐ Full Year ☒ 9 Weeks ☐ Other _____
Local Content Assessment:	☐ Yes ☒ No	Assessment Name:	Modified Presidential Fitness Test				
Baseline for SLT: (Please include targeted content standards and/or explanation of assessment method, as applicable.)							
Physical Education is a full credit elective course that uses the national curriculum and assessments. The most closely aligned target content standards for the course is the Presidential Fitness Test. A teacher created and modified product assessment will be used to evaluate student growth over the duration of the grading period. The Presidential physical fitness test produces referenced standards by age, gender, and height children need to be based on certain international standards. The product assessment consists of graphs in three of the five components of the fitness test.							
Student Learning Target: By the end of the semester, each (group) of students will demonstrate and increase their performance at the effective level or above in at least three of the five components of the presidential physical fitness test.							
Baseline Data: (Please include what you know about the targeted student performance/achievement levels at the beginning of the year, as well as any additional student data or background you want to bring to light.)							
100% of students in physical education will demonstrate performance and improvement in at least three components of the fitness test (pull-ups, sit-ups, mile run, shuttle, and sit & reach). Performance will be measured using a nationally developed rubric that includes target performance established in the national fitness challenge standards, (i.e., 0-5% growth-effective, 6-10% growth-effective, 11-15% growth-highly effective, growth above 15%-exceptional growth). A preliminary performance evaluation was conducted in the first month of school. Periodic growth will be measured during the semester. Students will take their results from all evaluations and graph their individual data. Students' grades for fitness will include a cumulative score for all five elements adjusted by gender. The test data includes (pull-ups 14764, sit-up 30766, 14766, shuttle 14766, sit & reach 14764, and mile run 14766).							
Scoring Plan:							
Insufficient Achievement of Target (0): The teacher has demonstrated an insufficient impact on student learning by failing to meet all of the target.	Partial Achievement of Target (2): The teacher has demonstrated some impact on student learning, but did not meet the target.	Full Achievement of Target (3): The teacher has demonstrated a considerable impact on student learning by meeting the target.	Exceptional Achievement of Target (4): The teacher has demonstrated an outstanding impact on student learning by surpassing the target by a meaningful margin.
