Artificial Intelligence in Performance-Driven Design Narjes Abbasabadi, Mehdi Ashayeri, 2024-05-21 A definitive interdisciplinary reference to using artificial intelligence technology and data driven methodologies for sustainable design *Artificial Intelligence in Performance Driven Design: Theories, Methods, and Tools* explores the application of artificial intelligence (AI) specifically machine learning (ML) for performance modeling within the built environment. This work develops the theoretical foundations and methodological frameworks for utilizing AI/ML with an emphasis on multi-scale modeling encompassing energy flows, environmental quality, and human systems. The book examines relevant practices, case studies, and computational tools that harness AI's capabilities in modeling frameworks enhancing the efficiency, accuracy, and integration of physics-based simulation, optimization, and automation processes. Furthermore, it highlights the integration of intelligent systems and digital twins throughout the lifecycle of the built environment to enhance our understanding and management of these complex environments. This book also incorporates emerging technologies into practical ideas to improve performance analysis and sustainable design. Presents data-driven methodologies and technologies that integrate into modeling and design platforms. Shares valuable insights and tools for developing decarbonization pathways in urban buildings. Includes contributions from expert researchers and educators across a range of related fields. *Artificial Intelligence in Performance Driven Design* is ideal for architects, engineers, planners, and researchers involved in sustainable design and the built environment. It is also of interest to students of architecture, building science, and technology, urban design, and planning, environmental engineering, and computer science and engineering.

New Opportunities for Sentiment Analysis and Information Processing Sharaff, Aakanksha, Sinha, G. R., Bhatia, Surbhi, 2021-06-25 Multinational organizations have begun to realize that sentiment mining plays an important role for decision making and market strategy. The revolutionary growth of digital marketing not only changes the market game but also brings forth new opportunities for skilled professionals and expertise. Currently, the technologies are rapidly changing, and artificial intelligence (AI) and machine learning are contributing as game-changing technologies. These are not only trending but are also increasingly popular among data scientists and data analysts. *New Opportunities for Sentiment Analysis and Information Processing* provides interdisciplinary research in information retrieval and sentiment analysis, including studies on extracting sentiments from textual data, sentiment visualization, based dimensionality reduction for multiple features, and deep learning based multi-domain sentiment extraction. The book also optimizes techniques used for sentiment identification and examines applications of sentiment analysis and emotion detection. Covering such topics as communication networks, natural language processing, and semantic analysis, this book is essential for data scientists, data analysts, IT specialists, scientists, researchers,

academicians and students *Utilizing Big Data Paradigms for Business Intelligence* Darmont, Jérôme, Loudcher, Sabine, 2018-08-10 Because efficient compilation of information allows managers and business leaders to make the best decisions for the financial solvency of their organizations data analysis is an important part of modern business administration Understanding the use of analytics reporting and data mining in everyday business environments is imperative to the success of modern businesses Utilizing Big Data Paradigms for Business Intelligence is a pivotal reference source that provides vital research on how to address the challenges of data extraction in business intelligence using the five Vs of big data velocity volume value variety and veracity This book is ideally designed for business analysts investors corporate managers entrepreneurs and researchers in the fields of computer science data science and business intelligence

Commerce Business Daily , 2001-12-03 **Exploring Animal Behavior Through Sound: Volume 1** Christine Erbe, Jeanette A. Thomas, 2022-10-03 This open access book empowers its readers to explore the acoustic world of animals By listening to the sounds of nature we can study animal behavior distribution and demographics their habitat characteristics and needs and the effects of noise Sound recording is an efficient and affordable tool independent of daylight and weather and recorders may be left in place for many months at a time continuously collecting data on animals and their environment This book builds the skills and knowledge necessary to collect and interpret acoustic data from terrestrial and marine environments Beginning with a history of sound recording the chapters provide an overview of off the shelf recording equipment and analysis tools including automated signal detectors and statistical methods audiometric methods acoustic terminology quantities and units sound propagation in air and under water soundscapes of terrestrial and marine habitats animal acoustic and vibrational communication echolocation and the effects of noise This book will be useful to students and researchers of animal ecology who wish to add acoustics to their toolbox as well as to environmental managers in industry and government **Social Sensing and Big Data Computing for Disaster Management** Zhenlong Li, Qunying Huang, Christopher T. Emrich, 2020-12-17 Social Sensing and Big Data Computing for Disaster Management captures recent advancements in leveraging social sensing and big data computing for supporting disaster management Specifically analysed within this book are some of the promises and pitfalls of social sensing data for disaster relevant information extraction impact area assessment population mapping occurrence patterns geographical disparities in social media use and inclusion in larger decision support systems Traditional data collection methods such as remote sensing and field surveying often fail to offer timely information during or immediately following disaster events Social sensing enables all citizens to become part of a large sensor network which is low cost more comprehensive and always broadcasting situational awareness information However data collected with social sensing is often massive heterogeneous noisy and unreliable in some aspects It comes in continuous streams and often lacks geospatial reference information Together these issues represent a grand challenge toward fully leveraging social sensing for emergency management decision making under extreme duress Meanwhile big

data computing methods and technologies such as high performance computing deep learning and multi source data fusion become critical components of using social sensing to understand the impact of and response to the disaster events in a timely fashion This book was originally published as a special issue of the International Journal of Digital Earth *Framing Borders* Ian Kalman,2021-03-01 *Framing Borders* addresses a fundamental disjuncture between scholastic portrayals of settler colonialism and what actually takes place in Akwesasne Territory the largest Indigenous cross border community in Canada Whereas most existing portrayals of Indigenous nationalism emphasize border crossing as a site of conflict between officers and Indigenous nationalists in this book Ian Kalman observes a much more diverse range of interactions from conflict to banality to joking and camaraderie *Framing Borders* explores how border crossing represents a conversation where different actors frame themselves the law and the space that they occupy in diverse ways Written in accessible lively prose Kalman addresses what goes on when border officers and Akwesasne residents meet and what these exchanges tell us about the relationship between Indigenous actors and public servants in Canada This book provides an ethnographic examination of the experiences of the border by Mohawk community members the history of local border enforcement and the paradoxes self contradictions and confusions that underlie the border and its enforcement **Human Geography** Aime Vincent Perpillou,1960 **Encyclopedia of Human Geography** ,2020 **Human Geography** Aimé V.
