The Sport and Prey of Capitalists Linda McQuaig,2019-08-31 Why are we selling off the impressive public enterprises we often battled as a nation to create In the early 1900s thousands of Canadians battled wealthy interests winning control of Niagara Falls and creating a public power company Another popular movement succeeded in creating Canada s public broadcasting system to counter American dominance of the airwaves And a Canadian doctor established a publicly owned laboratory that saved countless lives by producing affordable medications contributing to medical breakthroughs and helping to eradicate smallpox throughout the world But in recent decades we have allowed our inspiring public enterprises to be privatized and our vital public programs downsized leaving us increasingly dominated by the forces

of private greed that rule the marketplace In *The Sport and Prey of Capitalists* Linda McQuaig challenges the dogma of privatization which has defined our political era She argues that now more than ever as we grapple with climate change and income inequality we need to expand not shrink our public sphere Parliamentary Debates (Hansard).
