The Good, the Bad, and the Ugly Ray Hartley, Greg Mills, Mills Soko, 2023-08-15 South Africa is facing an extraordinary polycrisis The dimensions of this crisis include an energy collapse a failing rail network weak education outcomes an interrupted water supply and the effects of decades of endemic corruption that have brought much of government to a halt But the country also has incredible assets a wealth of sought after minerals an enviable Constitution that protects rights and advocates social inclusion an advanced financial and services sector thriving agricultural and auto industries that compete with the best in the world a prosecution service that is rapidly rebuilding and most of all strong willed people determined to make life better through hard work entrepreneurship and hustling The choice is stark we either build on the positives and take the country forward or we will be overwhelmed by the negatives and end up as another Zimbabwe or Venezuela We have the people the policies and the resources What is missing is the political will to make the difficult choices that will save South Africa from disaster This book takes you on a journey that ends with one of three possible future scenarios the Good the Bad or the Ugly Compiled by The Brenthurst Foundation and In Transformation Initiative and workshopped with high powered leaders in business and politics the scenarios have stimulated intense public interest as the country grapples with its mounting problems The good news is that there is a clear road towards a positive future It will take courageous leadership and smart thinking to get there but the Good scenario is tantalisingly within grasp **The Publishers' Circular and Booksellers' Record** ,1920
