Banham, 1995-09-21 Provides information on the history and present practice of theater in the world **Quantitative Literary Analysis of the Works of Aphra Behn** Laura L. Runge, 2023-05-09 Aphra Behn 1640 1689 prolific and popular playwright poet novelist translator has a fascinating and extensive corpus of literature that plays a key role in literary history Quantitative Literary Analysis of the Works of Aphra Behn Words of Passion offers what no book has done to date an analysis

of all Behn's literary output. It examines the author's use of words in terms of frequencies and distributions and stacks the words in context to read Behn's word usage synchronically. Using this experimental method, the book brings digital humanities into literary criticism to enhance our understanding and appreciation of literature beyond what is possible in diachronic reading and scholarship less supported by digital means. The empirical approach works in collaboration with existing scholarship to understand Behn's distinct language of love and extreme passions across her genres.

Forthcoming Books Rose Arny, 1992 *1650-1850* Kevin L. Cope, 2019-04-01 With issue twenty-four of 1650-1850, this annual enters its second quarter century with a new publisher, a new look, a new editorial board, and a new commitment to intellectual and artistic exploration. As the diversely inventive essays in this first issue from the Bucknell University Press demonstrate, the energy and open-mindedness that made 1650-1850 a success continue to intensify. This first Bucknell issue includes a special feature that explores the use of sacred space in what was once incautiously called the age of reason. A suite of book reviews renews the 1650-1850 legacy of full-length and unbridled evaluation of the best in contemporary Enlightenment scholarship. These lively and informative reviews celebrate the many years that book review editor Baerbel Czennia has served 1650-1850 and also make for an able handoff to Samara Anne Cahill of Nanyang Technological University, who will edit the book review section beginning with our next volume. Most important of all, this issue serves as an invitation to scholars to offer their most creative and thoughtful work for consideration for publication in 1650-1850. About the annual journal 1650-1850, 1650-1850 publishes essays and reviews from and about a wide range of academic disciplines: literature, both in English and other languages; philosophy; art history; history; religion; and science. Interdisciplinary in scope and approach, 1650-1850 emphasizes aesthetic manifestations and applications of ideas and encourages studies that move between the arts and the sciences, between the hard and the humane disciplines. The editors encourage proposals for special features that bring together five to seven essays on focused themes within its historical range, from the Interregnum to the end of the first generation of Romantic writers. While also being open to more specialized or particular studies that match up with the general themes and goals of the journal, 1650-1850 is in the first instance a journal about the artful presentation of ideas that welcomes good writing from its contributors. First published in 1994, 1650-1850 is currently in its 24th volume. ISSN 1065-3112. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press. *Antony and Cleopatra* J. Turner, 2017-09-16 This Guide provides a critical survey of the responses to this popular play. Chronologically arranged, the book draws on a rich range of critical writings, including Dr Johnson, Coleridge, Bradley, and Leavis. This material is linked to more general issues regarding Shakespearean criticism and scholarship and the development of literary theory.
