Resources in Education ,1998 Stuck in the Shallow End, updated edition Jane Margolis,2017-03-03 Why so few African American and Latino students study computer science updated edition of a book that reveals the dynamics of inequality in American schools The number of African Americans and Latino as receiving undergraduate and advanced degrees in computer science is disproportionately low And relatively few African American and Latino high school students receive the kind of institutional encouragement educational opportunities and preparation needed for them to choose computer science as a field of study and profession In Stuck in the Shallow End Jane Margolis and coauthors look at the daily experiences of students and teachers in three Los Angeles public high schools an overcrowded urban high school a math and science magnet school and a well funded school in an affluent neighborhood They find an insidious virtual segregation that maintains inequality The race gap in computer science Margolis discovers is one example of the way students of color are denied a wide range of occupational and educational futures Stuck in the Shallow End is a story of how inequality is reproduced in America and how students and teachers given the necessary tools can change the system Since the 2008 publication of Stuck in the Shallow End the book has found an eager audience among teachers school administrators and academics This updated edition offers a new preface detailing the progress in making computer science accessible to all a new postscript and discussion questions coauthored by Jane Margolis and Joanna Goode On Evaluating Curricular Effectiveness National Research Council,Division of Behavioral and Social Sciences and Education,Center for Education,Mathematical Sciences Education Board,Committee for a Review of the Evaluation Data on the Effectiveness of NSF-Supported and Commercially Generated Mathematics Curriculum Materials,2004-11-12 This book reviews the evaluation research literature that has accumulated around 19 K 12 mathematics curricula and breaks new ground in framing an ambitious and rigorous approach to curriculum evaluation that has relevance beyond mathematics The committee that produced this book consisted of mathematicians mathematics educators and methodologists who began with the following charge Evaluate the quality of the evaluations of the thirteen National Science Foundation NSF supported and six commercially generated mathematics curriculum materials Determine whether the available data are sufficient for evaluating the efficacy of these materials and if not Develop recommendations about the design of a project that could result in the generation of more reliable and valid data for evaluating such materials The committee collected reviewed and classified almost 700 studies solicited expert testimony during two workshops developed an evaluation framework established dimensions criteria for three methodologies content analyses comparative studies and case studies drew conclusions on the corpus of studies and made recommendations for future research **Multicultural Moments** Susan E. Clarke,Rodney Hero,2006 Is anyone listening to minority voices in reforming American schools **Spanish So White** Adam Schwartz,2023-01-10 Explicit discussions of race and racial identity have traditionally been omitted from Spanish language

education in the US especially in curricula designed for imagined native speakers of English Consequences of this de racialization of Spanish language learning include the perpetuation of institutional racism and missed opportunities to build productive conversations about the ways race and power are enacted through language Spanish So White is written specifically for secondary and post secondary teachers who identify as White and second language learners of Spanish It supports the development of language education that centers a racially dynamic Spanish speaking world and challenges interpersonal and institutional forms of racism Author Adam Schwartz shares stories of his own socialization into Whiteness and Spanish English bilingualism He invites readers into the work of reconciling privileges they too may share as White Spanish language learners and teachers Additional resources for the book are available to download here <https://www.multilingualmatters.com/page/ssw> **An Eclectic Approach to Citizenship** Thomas L. Fasching-Varner,Lori Latrice Martin,Roland W. Mitchell,Karen Bennett-Haron,Arash Daneshzadeh,2016-12-06 This volume examines the school to prison pipeline a concept that has received growing attention over the past 10 15 years in the United States The pipeline refers to a number of interrelated concepts and activities that most often include the criminalization of students and student behavior the police like state found in many schools

throughout the country and the introduction of youth into the criminal justice system at an early age The school to prison pipeline negatively and disproportionately affects communities of color throughout the United States particularly in urban areas Given the demographic composition of public schools in the United States the nature of student performance in schools over the past 50 years the manifestation of school to prison pipeline approaches pervasive throughout the country and the world and the growing incarceration rates for youth this volume explores this issue from the sociological criminological and educational perspectives Understanding Dismantling and Disrupting the Prison to School Pipeline has contributions from scholars and practitioners who work in the fields of sociology counseling criminal justice and who are working to dismantle the pipeline While the academic conversation has consistently called the pipeline school to prison including the framing of many chapters in this book the economic and market forces driving the prison industrial complex urge us to consider reframing the pipeline as one working from prison to school This volume points toward the tensions between efforts to articulate values of democratic education and schooling against practices that criminalize youth and engage students in reductionist and legalistic manners **Education Diverse Pop Perspectives** Orozco,1998 **End of Course Algebra**
