presentations and project brochures online *Introduction to Educational Research* Craig A. Mertler, 2024-11-14 The Fourth Edition of *Introduction to Educational Research* by Craig A. Mertler guides readers through the steps of the research process to help them plan and execute research projects in educational settings. With balanced coverage of qualitative and quantitative methods, an emphasis on ethics, and concrete applications of methods, this text offers a practical presentation of the research process. New to the Fourth Edition are more information on interviews throughout the book, expanded coverage of qualitative research, and a thoroughly updated chapter on action research. Three current research articles are included as appendices to demonstrate qualitative, quantitative, and mixed methods. Comprehensive and student friendly, *Introduction to Educational Research* uses conversational and nontechnical language to help students clearly understand and apply research concepts, principles, procedures, and terminology.

Setting Performance Standards Gregory J. Cizek, 2012-03-22 Setting standards of performance is a ubiquitous task in education, licensure, certification, and credentialing. It is found in elementary schooling, the professions, commercial applications, and governmental and private organizations. It is one of the most complex, controversial, and vexing issues facing specialists and policy makers today. This second edition solidifies *Setting Performance Standards* as the only book providing a comprehensive profile of both the issues and the how-to methods that define this thorny field. Four chapters have been removed, 11 chapters have been added, 2 chapters have major revisions, and all chapters have been updated. Comprehensive Part I provides a conceptual overview of standard setting and its overarching issues. Part II provides practical how-to information on the newest standard setting methods. Part III provides information and advice on persistent and potential challenges in standard setting. Practical Part II, the heart of the book, reviews 16 of the newest standard setting methods far more than any other book. Expertise: Most of the well-known authors from the 1st edition return with authors of equal stature contributing new chapters.
