Sakurazaka, Takeshi Obata, Ryosuke Takeuchi, 2014-07-16 Les affrontements contre les Mimics continuent de faire rage sur l'île de Kotoiushi Au coeur de la bataille deux guerriers hors du commun Keiji Kiriya et Rita Vrataski Maintenant que le soldat japonais sait qu'il n'est pas le seul prisonnier des boucles il va combattre aux côtés de la Full Metal Bitch pour tirer profit de son expérience Arriveront-ils sortir indemnes de ce piège temporel et sauver l'espèce humaine de l'extinction **Now and Then We Time Travel** Fraser A. Sherman, 2017-02-06 More than 400 films and 150 television series have featured time travel stories of rewriting history lovers separated by centuries journeys to the past or the often dystopian future This book examines some of the roles time travel plays on screen in science fiction and fantasy Plot synopses and credits are listed for films and TV series from England Canada the UK and Japan as well as for TV and films from elsewhere in the world Tropes and plot elements are highlighted The author discusses philosophical questions about time travel such as the logic of timelines causality what's to keep time travelers from jumping back and correcting every mistake and morality if you correct a mistake are you still guilty of it **Cultural Bifocals on Chinese TV Series and Diaspora Fiction** Sheng-mei Ma, 2024-10-11 The book explores how Chinese TV series and Asian Diaspora fiction are consumed experienced and adapted by and for audiences worldwide particularly those of the Chinese diaspora It focuses or zooms in on well known exceptional Chinese TV series such as *Reset* and *The Bad Kids* and zooms out to explore a wider panorama of lesser known TV dramas and films It also explores Asian American representations of bespoke immigrants the Nobelist Kazuo Ishiguro and other 15 generation novelists a Canadian missionary's memoir a Taiwanese Canadian young adult fantasy author among others Through the analysis of this material it reveals how some Asian American writers are themselves liable to portraying stereotypes of Asian immigrant communities reinforcing familiar tropes of the white gaze It also features an insightful analysis of Taiwan's films and culture highlighting how Taiwanese identity is represented and moreover shaped by cross-strait tensions Exploring a diversity of content and media consumption this book will appeal to students and scholars of media studies Cultural studies Chinese studies and Asian studies *Digitalizing the Global Text* Paul Allen Miller, 2020-01-07 A few years ago globalism seemed to be both a known and inexorable phenomenon With the end of the Cold War the opening of the Chinese economy and the ascendancy of digital technology the prospect of a unified flow of goods and services and of people and ideas seemed unstoppable Political theorists such as Francis Fukuyama proclaimed that we had reached the end of history Yes there were pockets of resistance and reaction but these we were told would be swept away in a relentless tide of free markets and global integration that would bring Hollywood digital finance and fast food to all Religious fundamentalism nationalism and traditional sexual identities would melt away before the forces of modernity and empire A relentless technocratic rationality would sweep all in its wake bringing a neoliberal utopia of free markets free speech and increasing productivity Nonetheless as we have begun to experience the backlash against a global world founded on digital fungibility the perils of appeals to nationalism identity and authenticity have become only too

apparent The collapse of Soviet Communism left an ideological vacuum that offered no recognized place from which to oppose global capitalism What is the alternative The anxieties and resentments produced by this new world order among those left behind are often manifested in assertions of xenophobia and particularity This is what it supposedly means to be really American truly Muslim properly Chinese The other is coming to take what is ours and we must defend ourselves Digitalizing the Global Text is a collection of essays by an international group of scholars situated squarely at this nexus of forces Together these writers examine how literature culture and philosophy in the global and digital age both enable the creation of these simultaneously utopian and dystopian worlds and offer a resistance to them A joint publication from the University of South Carolina Press and the National Taiwan University Press **All You Need Is Kill, Vol. 1** Takeshi
