Popular Photography, 1995-03 **CLANDESTINE PHOTOGRAPHY** Raymond P. Siljander, Lance W. Juusola, 2012-04-01 This book explains how to take surreptitious photographs and record video of people and property in a safe and effective manner while producing excellent results It is the most comprehensive text on clandestine photography available It takes the reader through conventional as well as the most sophisticated clandestine photography methods in practice today and it covers the use of all types of equipment ranging from off the shelf to the most high tech equipment available The ultra long range night vision photography methods discussed in this book were devised by the authors and only exist here Readers will discover esoteric techniques for photographically recording recognizable human and vehicle plate images from distances of

over a mile in both daylight and night conditions Myriad methods for secretly photographing people and property under diverse and difficult conditions are presented Readers will discover innovative applications of combinations of old and new photographic related technologies some combined in unexpected ways that produce surprising results It is written and extremely well illustrated in an easy to understand style for all photographers regardless of skill level The book is appropriate for anyone in law enforcement military operations and private investigation It will also benefit government surveillance specialists and those responsible for detecting and thwarting manual clandestine photography **The Cultural Work of Photography in Canada** Andrea Kunard,Carol Payne,2011 Reflecting the rich interdisciplinarity of contemporary photography studies The Cultural Work of Photography in Canada is essential reading for anyone interested in Canadian visual culture Pub desc **Social Software and Web 2.0 Technology Trends** Deans, P. Candace,2008-11-30 This book provides an overview of current Web 2 0 technologies and their impact on organizations and educational institutions Provided by publisher Framing Portraits, Binding Albums Shilpi Goswami,Suryanandini Narain, (eds.),2025-01-06 Long neglected in academic discourse in India family photographs make a silent contribution to the histories of photography marginality and the family In this volume the writers dwell on the importance of family photographs and their visual omnipresence in our daily lives They point out how family photographs have belonged to the vernacular material of visual culture more seen and lived with less written and consciously thought about Attempting to retrieve family photographs from a space of neglect this volume demonstrates how they are fundamental to the microhistories of a nation and its many societies and suggests the importance of such counterarguments to the dominant strains in an emerging discursive space The essays do not offer a comprehensive survey of all types of family photographs in India Instead they present focused insights into chosen areas of interest on the part of the writers Collectively they embrace the intersectionalities of gender caste class and regional trajectories making the politics of representation even more layered with contestations between the historical oral and affective memorialisation surrounding family archives and photographs These concerns centrally inform the essays as they accept and negotiate a terrain shared by all types of narrativisation Modern Trends in Applied Terrestrial Ecology R.S. Ambasht,Navin K. Ambasht,2012-12-06 Ecology and economics have Greek roots in oikos for household logos for study and nomics for management Thus ecology and economics should have complemented one another for a proper growth and development without destruction but unfortunately rapid industrialization lure for fast financial gains and commercialization activities have led to a widespread surge in pollution load environmental degradation habitat destruction rapid loss of biodiversity sudden rise in rate of extinction of many wildlife and wild relatives of domesticated animals and cultivated cereals and other plants global climate changes creating global rise in temperature and CO levels and increased ultraviolet B at ground 2 level Although these threats to human health have led us to look to ecology for their solutions and guidance for sustainable development without destruction the industrial and technology houses are looking for
