INTERCESSORY PRAYERS by Prophet Alberta M Walker **A New Apostolic Reformation?** R. Douglass Geivett, Holly Pivec, 2018-07-25 This critique provides a framework for understanding and interpreting the widespread but little known New Apostolic Reformation movement As the authors state in the preface We write this book with two major goals in mind First to give people an idea of the sheer size and reach of the NAR movement And second to systematize its key teachings and practices and evaluate them on the basis of Scripture and careful reasoning In our judgment the NAR perspective crosses these boundaries that is certain broad parameters revealed in Scripture and practiced in the historical orthodox church and it does so in part because of flawed theology rooted in a flawed understanding of Scripture **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** ,2004 **The Official Guide to Catholic Educational Institutions and Religious Communities in the United States** ,1971 *Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986* ,1988 *Toward a Twenty-First Century Biblical, Apostolic Church* SuYeon Yoon, 2019-09-19 This book explores biblical values that critique the ecclesiology of the New Apostolic Reformation Church NARC and compares the ecclesiology to other missional movements in the North American context A biblical exegesis of Ephesians 4 11 13 as well as C Peter Wagner s conceptualization of an apostle and apostolic ministry allow the author to demonstrate the gap between the biblical perspective and Wagner s concept of an apostle The biblical role of an apostle is to make the church missional by emphasizing the concept of sending whereas Wagner sees the apostle as a church leader Based upon interviews and participant observation in three NARCs SuYeon Yoon describes the leadership and ecclesiology based on their own self descriptions This book then demonstrates the gap between the biblical and conceptual ideals and the reality of ecclesial practice The author argues that the NARC serves as a charismatic manifestation of a similar cultural response to establish a relational structure for church communities that can appropriately reflect upon and identify with the contemporary context This implies that each movement needs to be biblically sound faithful to its conceptualization and relevant to the context in order to cultivate its own way of being the church
