

Analyzing American Democracy: Politics and Political Science

Chapter 13: The Presidency

© 2019 Taylor & Francis

1

The U.S. Presidency

- The President of the United States holds arguably the most powerful office on the planet. In general, an executive is a person or group that has administrative and supervisory responsibilities in an organization or government.
- Article II, Section 1 of the Constitution states that “the executive power shall be vested in the President of the United States of America.”
- Recall that the founders were divided as to whether to establish a strong or a weak executive. Some feared concentrating power, while others saw the wisdom in having a single individual who could make decisions quickly.

American Government Chapter 13 The Presidency

Ralph A. Brown

American Government Chapter 13 The Presidency:

American Government Cal Jillson, 2013-01-04 History matters America's past is present in all aspects of the contemporary political system Cal Jillson uses political development and the dynamics of change as a tool to help students understand how politics works now and how institutions participation and policies have evolved over time to produce this political environment Going one step further Jillson helps students think critically about how American democracy might evolve further focusing in every chapter on reform and further change These revisions make the Seventh Edition better than ever The latest details on all aspects of American politics including the 2012 elections keep students current Coverage of Obama's full first term and heightened polarization in Congress help students see the importance of institutional development A renewed emphasis throughout on the importance of race ethnicity and gender in the development of American politics helps students understand the full picture of political participation In a streamlined presentation Jillson delivers a concise and engaging narrative to help students understand the complexities and importance of American politics Along the way several pedagogical features foster critical thinking and analysis New Struggling towards Democracy discussion questions to provoke both critical thinking and class discussion on the most relevant issues The Constitution Today chapter opening vignettes illustrate the importance of conflicting views on constitutional principles Key terms defined in the margins on the page where they appear help students study important concepts Focus questions at the beginning of every chapter highlight the central learning objectives for students to look for and marginal notes throughout the chapter indicate the relevant discussions for addressing these questions Colorful figures and charts help students visualize important information Let's Compare boxes analyze how functions of government and political participation work in other countries Pro Con boxes bring to life a central debate in each chapter from questions over campaign finance bias in the media and the balance between the president and Congress in war making to judicial activism and restraint gay marriage and equitable taxes Timelines in every chapter gives students an at a glance reference to important stages in historical development End of chapter summaries suggested readings and web resources help students master the material and guide them to further critical investigation of important concepts and topics

The Development of the American Presidency Richard J. Ellis, 2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of

change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

Readings in American Government Steffen W. Schmidt, Mack C. Shelley, Jane E. Clayton, 2001 Written by Steffen W Schmidt Mack C Shelley and Jane E Clayton this reader is updated to include the latest issues in American political debate You will find numerous readings that deal with controversial issues legal conflicts and ethical judgement calls directly related to academia and students Topics include diversity on trial politicians on the Web campaign reform and war in cyberspace These topics will generate exciting and productive debates on important issues facing Americans and will ultimately enhance students critical thinking skills ability to engage in group and teamwork projects motivate active learning and communication skills and foster a liberal education that will stimulate positive informed citizenship All articles two to four per chapter have been updated for this edition The Peoples Tutor, U. S. Government Beverly Vaillancourt, 2001 A tutorial study guide for any U S Government course Page 4 of cover

The American Presidency Forrest McDonald, 1994 McDonald explores how and why the presidency has evolved into such a complex and powerful institution unlike any other in the world He chronicles the presidency s creation implementation and evolution and explains why it s still working today despite its many perceived afflictions 2001

Magruder's American Government William A. McClenaghan, Frank Abbott Magruder, 2001 **Im-America Odds 3e, Ess 2e** Sidlow, 2001-08 American Government Robert Phillips Ludlum, 1965 **Magruder's American Government Guided Reading and Review Workbook Student Edition 2003c** William A. McClenaghan, 2002-05-15 High School Hailed as a stellar educational resource for nearly a century Magruder s American Government is updated annually to meet the changing needs of today s high school students and teachers The program s engaging narrative is enhanced with numerous primary sources political cartoons charts graphs and photos making the structure and principals of government accessible and

motivating to students of all abilities

The Constitution and the Conduct of American Foreign Policy David Gray

Adler, Larry Nelson George, 1996 In this provocative and readable volume eleven leading constitutional authorities challenge business as usual in American foreign policymaking For far too long they contend Americans have acquiesced to presidential claims to sweeping executive powers in foreign affairs thanks to imperial minded presidents a weak willed Congress and neglectful scholars These authors forcefully argue that the president is not the supreme crafter of foreign policy and that Congress must provide more than a rubber stamp for the president's agenda Unilateral presidential control of foreign relations they warn can pose a grave threat to our nation's welfare and is simply without constitutional warrant Combining constitutional theory with keen historical insights these authors illuminate the roots of presidential abuse of executive power and remind us of the past and potential costs of such disregard for our unique system of checks and balances An essential guide for all concerned citizens and members of Congress this volume should help revive a proper understanding of this crucial dimension of American democracy

The American Bookseller, 1891

The Presidency of John Adams Ralph

A. Brown, 1975 The administration of John Adams was a period of rapid change internal discord and the continual threat of war Few of the nation's chief executives have been subjected to such immediate and ever present danger of foreign involvement and national destruction to such bitter animosities and serious cleavages within their administrations or to such constant need for decision making as was John Adams In the face of such adversity Adams successfully pursued a policy of neutrality and conciliation and in so doing provided time for the country to grow strong and to prosper Yet despite the seriousness of the country's problems and the contributions of his administration he is seldom designated as one of the great American presidents Of the many who helped create the nation and lead it through those first difficult years Adams alone has come to be judged largely in terms of the descriptions and appraisals written by his personal enemies and political detractors Over the years historians have generally accepted and emphasized the weaknesses faults and mistakes his opponents ascribed to him In this volume however Ralph Adams Brown presents a new evaluation of John Adams and of his four years in the presidency The portrait drawn by Adams's enemies disappears and the second president emerges as a world citizen whose insight judgment and perseverance held the young nation together in a critical period This volume focuses closely on the most significant aspect of Adams's presidency foreign affairs As an emerging nation without economic stability or military might the United States could have become hopelessly caught in the web of European intrigues and power struggles Adams not only faced serious problems with France and Spain but also had to be continually alert to the complexities of the nation's relationship with Great Britain Brown examines the country's increasing concern with matters of defense and traces Adams's successful efforts to evade foreign entanglements Unfortunately many of Adams's important decisions and policies ran counter to the wishes of strong ambitious and verbal elements in his own political party Describing the vicious personal attacks to which Adams was subjected and the devious and disloyal maneuvers of his cabinet members Brown traces Adams's

difficulties with Timothy Pickering James McHenry Oliver Wolcott Jr Alexander Hamilton and others He documents Adams s steadfastness to his ideals and principles despite the hostility exaggerated accusations and perfidy that surrounded him Based on more than five years of intensive research much of in primary sources Brown s study sheds new light on the many national problems between 1797 and 1801 Most important it stands as a reassessment of Adams as a shrewd sensitive experienced diplomat a man of fiery beliefs tempered by superior insight and judgment a man who despite his love of freedom and his enthusiasm for the the American Revolution feared war and mob violence a man favored broad social reforms and change of government by due process a man who contributed to the development of the presidency by working diligently to maintain the independence and integrity of the executive office **American Government** James Q.

Wilson,John J. DiIulio,1998 **The Politics and Process of American Government** Robert S. Getz, Frank B. Feigert,1982
Politics in America Lance T. LeLoup,1991 **Notes on the Isthmus of Panama & Darien, Also on the River St.**

Juan, Lakes of Nicaragua, &c., with Reference to a Railroad and Canal for Joining the Atlantic and Pacific Oceans
George Peacock,1879 *American Government* Karen O'Connor,Larry Sabato,1997

Surveying the American governmental system this revised text covers topics such as the constitution federalism civil liberties political behaviour and public policy Using historical and comparative perspectives it focuses on real issues or incidents such as the 1994 and 1996 elections

American Government and Politics Today Bardes,Barbara A. Bardes,Mack C. Shelley,Steffen W. Schmidt,2001-06-15

Booknews This textbook on American government and politics seeks to encourage direct participation by citizens in the political process Each chapter includes a discussion question on a controversial issue and an example of how the student can become actively involved in American politics A sampling of topics includes the Constitution federalism civil rights political parties elections Congress the Presidency bureaucracy the Judiciary domestic and economic policy and foreign policy Coverage extends to the results of the November 2000 presidential elections with an analysis of its implications for the future

A Compilation of the Messages and Papers of the Presidents, 1789-1897: 1889-1897 United States. President,1897
