We know little of the state of K-12 Black history education and the different perspectives that Black history encompasses. The book *Perspectives on Black Histories in Schools* brings together a diverse group of scholars who discuss how K-12 Black history is understood in education. The book's chapters focus on the question what is Black history and explores that inquiry through various mediums including its foundation, curriculum, pedagogy, policy, and psychology. The book provides researchers, teacher educators, and historians an examination into how much K-12 Black history has come and yet how long it still needed to go.
