Curry, M. Ann Shillingford, 2015-10-08 College and career readiness is essential to promoting the success of all students Educational and economic changes in today's society demands well thought out strategies for preparing students to survive academically socially and financially in the future African American students are at a disadvantage in this strategic planning process due to a long history of racism injustice and marginalization African American Students Career and College Readiness The Journey Unraveled explores the historical legal and socio political issues of education affecting African American students and their career and college readiness Each chapter has been written based on the authors experience and passion for the success of students in the African American population Some of the chapters will appear to be written in a more conversational and idiomatic tone whereas others are presented in a more erudite format Each chapter however presents a contextual portrayal of the contemporary and often dysfunctional pattern of society's approach to supporting this population Contributors also present progressive paradigms for future achievements Through the pages of this book readers will understand and hopefully appreciate what can be done to promote positive college bound self efficacy procurement of resources in the high school to college transition exposure and access to college possibilities and implications for practice in school counseling education leadership and higher education Asia and the Americas, 1928 Hidden in Blackness Chrystal A. George and Adaurennaya C. Onyewuenyi Mwangi, 2025 Hidden in Blackness analyzes the experiences perspectives and development of Black immigrant students while also complicating how race ethnicity nativity and nationality are understood across the P 20 education landscape The authors unpack how Blackness and anti Black racism in the United States can foster Black immigrants becoming hidden in Blackness in schools and education research meaning their Black identity is homogenized into a U S construction of Blackness while their ethnicity nationality and nativity go unacknowledged or is weaponized to subjugate other people of Color The book culminates by offering the Black Diasporic

Illumination BDI framework with recommendations for supporting these students with a positive sense of self and abilities in the face of racial realities BDI bridges sociocultural ecology ethnic racial identity and socialization scholarship asset orientations and critical constructions of race and racism into a transdisciplinary approach for understanding the experiences of Black immigrants in U S education At a time when the importance of diversity equity and inclusion and social justice are being debated this book strikes at the heart of how these issues are both present and absent in the research narratives related to Black immigrant students From the Foreword by Janice B Fournillier Georgia State University Essential insights for better seeing and serving the rich diversity of the Black immigrant student population A groundbreaking contribution Carola Suarez-Villa Harvard Graduate School of Education **Bold Minds** Margaret Weaver, Leo Appleton, 2020-11-10

Are librarians and libraries relevant in the 21st century This is a fundamental question and one that presents differing opinions across the many diverse information sectors If there is a continuing need for libraries and for librarians then how do library leaders obtain strategic support when there appears to be a lack of clarity or understanding about the very purpose of libraries at a time when economically libraries are under pressure to develop new business models and be more commercially focussed **Bold Minds** Library leadership in a time of disruption brings together international leaders who frame many aspects of the current library provision and who carry responsibility for the library models of the future to consider how librarians and libraries can be a driving force in a time of disruptive economic technological and cultural change Each chapter critically presents a short leadership provocation regarding libraries and their purpose encompassing impact service delivery collections staff skills and professional training and assessing what it means for leaders their sectors and organisations and how they have developed their personal leadership signature This book will be invaluable to library and information professionals in a range of public and private sector libraries as well as policy makers in services where libraries are a component It will also be useful for students educational establishments and IT professionals with an information management element to their work Second Class No Longer Phillip L. Beukema, 2023-10-19 No one could have predicted thirty years ago that online learning would become such a key facet of our educational landscape in nearly every corner of the world Online teaching and learning have evolved rapidly and far more widely than imaginable accompanied by huge impacts on business society and our entire educational enterprise Drawing on his extensive experience in online teaching at both the graduate and undergraduate level as well as his 25 years in higher ed administration the author paints a global picture of the evolution of online education He describes how one country after another has witnessed the astonishing growth of online degrees and microcredentials of all kinds Along the way he dispels the myths and misperceptions that have grown up around online learning With incisive analysis built on solid data the author demonstrates that online programs are no longer regarded as second class but in fact are fully in the mainstream of higher education Not only that but he predicts that by 2030 they will become the gold standard by which the more traditional degrees will be judged **Schools and**

Society During the COVID-19 Pandemic Fernando M. Teaching Globally Kathy Short, Deanna Day, Jean Schroeder, 2023-10-10 With the world visibly present in students lives through technology mass and social medias economic interdependency and global mobility it is more important than ever to develop curriculum that is intercultural In Teaching Globally Reading the World Through Literature a community of educators show us how to use global children s literature to help students explore their own cultural identities Edited by Kathy Short Deanna Day and Jean Schroeder this book explains why global curriculum is important and how you can make space for it within district and state school mandates Teaching Globally is built around a curriculum framework developed by Short and can help teachers integrate a global focus into existing literacy and social studies curricula evaluate global resources guide students as they investigate cross cultural issues and create classroom activities with an intercultural perspective Filled with vignettes from K 8 urban suburban and rural schools that describe successes and struggles Teaching Globally aims to integrate global literature into classrooms and challenge students to understand and accept those different from themselves The book also includes extensive lists of recommendations websites professional books and an appendix of global text sets as mentioned by the authors

Teaching and Learning Through Inquiry Virginia S. Lee, 2023-07-03 Inquiry guided learning IGL refers to an array of classroom practices that promote student learning through guided and increasingly independent investigation of complex questions and problems Rather than teaching the results of others investigations which students learn passively instructors assist students in mastering and learning through the process of active investigation itself IGL develops critical thinking independent inquiry students responsibility for their own learning and intellectual growth and maturity The 1999 Boyer Commission Report emphasized the importance of establishing a firm grounding in inquiry based learning and communication of information and ideas While this approach capitalizes on one of the key strengths of research universities the expertise of its faculty in research it is one that can be fruitfully adopted throughout higher education North Carolina State University is at the forefront of the development and implementation of IGL both at the course level and as part of a successful faculty led process of reform of undergraduate education in a complex research institution This book documents

and explores NCSU's IGL initiative from a variety of perspectives how faculty arrived at their current understanding of inquiry guided learning and how they have interpreted it at various levels the individual course the major the college the university wide program and the undergraduate curriculum as a whole The contributors show how IGL has been dovetailed with other complementary efforts and programs and how they have assessed its impact The book is divided into four parts the first briefly summarizing the history of the initiative Part Two the largest section describes how various instructors departments and colleges in a range of disciplines have interpreted inquiry guided learning It provides examples from disciplines as varied as ecology engineering foreign language learning history music microbiology physics and psychology It also outlines the potential for even broader dissemination of inquiry guided learning in the undergraduate curriculum as a whole Part Three describes two inquiry guided learning programs for first year students and the interesting ways in which NCSU's university wide writing and speaking program and growing service learning program support inquiry guided learning Part Four documents how the institution has supported instructors and how they have supported themselves as well as the methods used to assess the impact of inquiry guided learning on students faculty and the institution as a whole The book has been written with three audiences in mind instructors who want to use inquiry guided learning in their classrooms faculty developers considering supporting comparable efforts on their campuses and administrators interested in managing similar undergraduate reform efforts It will also appeal to instructors of courses in the administration of higher education who are looking for relevant case studies of reform While this is a model successfully implemented at a research university it is one that is relevant for all institutions of higher education

Intercultural Horizons Volume III Lavinia Bracci, Nevin

C. Brown, Eliza J. Nash, 2015-10-05 This volume brings together a representative set of the papers given at the third annual Intercultural Horizons conference held in Siena Italy in October 2013 The conference attracted presenters and attendees from a variety of nations throughout five continents The papers included in this volume are drawn from a series of conference sessions in which academicians and practitioners in the field offered theoretical analyses case studies and other perspectives on intercultural studies civic engagement and related topics The volume is divided into four sections Theoretical Considerations of Intercultural Competence and Interculturalism Intercultural Development and Assessment Practical Examples and Research Civic Engagement in International and Culturally Diverse Contexts and Intercultural Education and Training The reader will find that most of the papers address a variety of intercultural topics beyond their specific chapter designations In particular the theme of second language acquisition education and use was an overarching theme that emerged from a large number of papers and presentations specifically with regards to the complexities now faced by intercultural educators and researchers as a result of the increasing dominance of English as a lingua franca both in academe and many nations
