Valor features the thrilling stories that are the fruit of Mark Lee Greenblatt's interviews with brave American servicemen from twenty first century wars These soldiers sailors and Marines have risked their lives several times over for their country as well as for their fellow troops and civilians Still until now their stories have largely gone unnoticed by the public perhaps lost in the frenzied and often nasty debate surrounding those conflicts As the author writes This generation does not have an Audie Murphy I set out to change that with this book Detailing incredible and evocative feats including an Army pilot who rescued two fellow pilots from a deadly crash in hostile territory and strapped himself to the helicopter's exterior for the flight to the hospital Greenblatt provides glimpses into the minds of these men as they face gut wrenching decisions and overcome enormous odds However this book is much more than tales of riveting action Each chapter goes beyond linear combat stories to explore each hero's motivations dreams and the genuine emotions that were evoked in the face of extreme danger Readers will be transported to a variety of settings from close quarters urban fighting in Iraq to mountainside ambushes in rural Afghanistan to a midnight rescue in the middle of the Atlantic as they accompany the men who do not see themselves as heroes but as patriots in the line of duty *Super Snipers* Soldier of Fortune Magazine Editors, 2013-10-08 In *Super Snipers* the editors of *Soldier of Fortune* show readers the ways of the expert sniper in forty stories from those who

have mastered the craft Becoming an elite sniper involves more than learning how to shoot Snipers need to know how to judge terrain wind and sometimes even the curve of the Earth They train their eyes to spot enemy movement in the distance and to never hesitate A sniper is more than a finger behind a trigger he is a scout a scientist a strategist and the support group for a platoon Super Snipers brings you into the world of some of the most accomplished snipers From Finland to Iraq Korea to Somalia Soldier of Fortune Magazine provides forty stories directly from the eyes and minds of the snipers who made the kills These trained marksmen describe their method of calculating aiming and taking the perfect shot all the way down to the type of chewing tobacco they prefer Some of the super snipers in this collection include Chris Kyle American Sniper Major Charles Greene Sergeant Dan Mills Gunnery Sergeant Jack Coughlin Robert K Brown And many more Every sniper just like every situation that calls for a sniper is unique and Super Snipers will show you every step of the way as you find the target narrow the scope and take the shot

The Reserve Ed St Amour,2022-02-24 War stories are always about the fighters the men and women on the frontline the people putting their lives on the line for their country But that is only half of the story Without the support troops an army would not last long at all This book is all about the actual and true adventures of the members of an Army finance unit No blood and guts no firefights no heroic acts of bravery just the insane happenings of one guy thrust into a unit he has no training for and how he and the rest of the reserve finance unit coped with the facts of being dropped into the middle of a war The book is easy to read The stories are presented as individual happenings Some are funny some are informative some are just bizarre but in war bizarre is many times the order of the day How does someone trained in military intelligence cope with existing in a finance unit There is no compatibility of training or expertise A finance unit does not have a lot of use for someone trained in image interpretation or interrogation Military intelligence does not teach their people how to fill out DD213s or is it 214s Laugh learn and look into the lives of some unique people that were put into a strange and surreal situation and how well they coped with their situation and invented solutions to their problems Enjoy
