Lewis, 2015-11-13 This beautifully illustrated catalogue accompanies the first major museum retrospective of the painter Norman Lewis 1909 1979 Lewis was the sole African American artist of his generation who became committed to issues of abstraction at the start of his career and continued to explore them over its entire trajectory His art derived inspiration from music jazz and classical and nature seasonal change plant forms the sea Also central to his work were the dramatic confrontations of the civil rights movement in which he was an active participant among the New York art scene Bridging the Harlem Renaissance Abstract Expressionism and beyond Lewis is a crucial figure in American abstraction whose reinsertion into the discourse further opens the field for recognition of the contributions of artists of color Bringing much needed

attention to Lewis's output and significance in the history of American art. Procession is a milestone in Lewis scholarship and a vital resource for future study of the artist and abstraction in his period. Published in association with Pennsylvania Academy of the Fine Arts Philadelphia Exhibition dates: Pennsylvania Academy of the Fine Arts Philadelphia November 13 2015 April 3 2016 Amon Carter Museum of American Art Fort Worth June 4 August 21 2016 Chicago Cultural Center September 17 2016 January 8 2017      **Annual Performance Plan** Mpumalanga (South Africa). Department of Education, 2016      **Blood Year** David Kilcullen, 2016 In 2014 a resurgent and bellicose Russia took over Crimea and fueled a civil war in Eastern Ukraine post Saddam Iraq lost a third of its territory to an army of hyper violent millennialists and the peace process in Israel seemed to completely collapse. In short the post Cold War security order that the US had constructed after 1991 seemed to be coming apart at the seams. David Kilcullen was one of the architects of America's strategy in the late phases of the second Gulf War and he has also spent time in Afghanistan and other hotspots. In *Blood Year* he provides a wide angle view of the current situation in the Middle East and analyzes how America and the West ended up in such dire circumstances. Kilcullen lays much of the blame on Bush's initial decision to invade Iraq which had negative secondary effects in Afghanistan but also takes Obama to task for simply withdrawing and adopting a leading from behind strategy. As events have proven Kilcullen contends withdrawal was a fundamentally misguided plan. The U.S. had uncorked the genie and it had a responsibility to at least attempt to keep it under control. Instead the U.S. is at a point where administration officials state that the losses of Ramadi and Palmyra are manageable setbacks. Kilcullen argues that the U.S. needs to re-engage in the region whether it wants to or not because it is largely responsible for the situation that is now unfolding. *Blood Year* is an essential read for anyone interested in understanding not only why the region that the U.S. invaded a dozen years ago has collapsed into utter chaos but also what the U.S. can do to alleviate the grim situation.      Collected Papers.
