The Art of Narrative Analogy Seth D. Postell, 2025-11-04 In *The Art of Narrative Analogy* Seth Postell offers a literary approach for understanding the relationship

between the two Testaments and between various biblical narratives that is more sensitive to the verbal meaning of the Old Testament than popular typological approaches He argues that narrative analogy the deliberate paralleling of characters events and themes across biblical texts provides a more exegetically responsible and theologically fruitful method for understanding the Bible's unity and depth Drawing on extensive examples from the Hebrew Bible and the New Testament Postell reveals how scriptural authors employ parallels to illuminate theological truths and deepen narrative coherence From the connections between Rahab and Lot to the analogies between Jonah and the calming of the storm in Mark's Gospel he shows how these parallels invite readers into the Bible's grand theological narrative Postell also integrates illustrations from modern storytelling such as Star Wars to demonstrate how analogy shapes meaning in both ancient and contemporary contexts Postell offers clear criteria for identifying narrative analogies and practical guidance for interpreting them making this volume an indispensable resource for students pastors and church leaders

The Signs of the New Temple Tat Yu Lam, 2023-11-07 Recent monographs on Johannine signs tend to focus on a single sign Other studies that examine multiple signs mainly focus on the first half of John's Gospel In Christian circles most preachers and believers remain preoccupied by the traditional view that John's Gospel contains only seven signs However what constitutes a sign for John and how signs function to achieve the purpose of the Gospel John 20 30 31 is far from settled Three features of this book explore important clues for solving this puzzle 1 a fresh hypothesis that Jesus's signs correspond to the four tabernacle signs a pot of manna Aaron's staff the bronze altar cover and the bronze serpent which makes sense given the tabernacle temple theme of John's Gospel 2 a complete study that examines Johannine signs in the whole Gospel systematically to reveal how signs develop the book's purpose and 3 an adaptation of a sociolinguistic theory to examine the corresponding texts of the Old Testament and New Testament in light of how language functions in a social event The author will show how Jesus's signs fulfill the functions of the four tabernacle signs and how Jesus's crucifixion is the all inclusive sign in witnessing to his identity
