### **Andrew Dubrin Leadership 7th Edition:**

The HRD Almanac Dr Vidhya Srinivasan, 2016-12-26 The thinking on Human Resource Development HRD practices has been evidenced for the last one and a half decades. However, the pace and volume of change has forced HR managers to meet complex challenges like globalization, a diverse workforce, and informed expectations for training, learning, and development. Both organizations and employees benefit from HRD interventions because an organization's success critically depends on the levels of employee skills and motivation. The HRD Almanac looks at 4 broad focus areas of HR practices that are Strategy centric, Organizational alignment related, Employee Empowerment focused, and the Learning, Training, and Development angle. The author weaves together 25 detailed chapters spanning the gamut of the HRD function. The writing is aligned on a uniform pattern providing answers to the What (consisting of Definitions and Descriptions of the theme), Why (consisting of Concept Clarifications), Where (the role of the Human Resources department), and How (an authentication of data obtained through a pilot study on HR practitioners across industry sectors). The HRD Almanac is a factual compendium of literature, concepts, organizational experiences, and perceptions on some of the most important HRD efforts and will serve as an appropriate and excellent handbook for young and potential HR functionaries. **Environmental Leadership** Deborah

Coordination with the steering chairs, Dr Kadek Suranata, S Pd M Pd Kons, and the members of the organizing committee is essential for the success of the conference. We sincerely appreciate all the Advisory Boards for the constant support and guidance. It was also a great pleasure to work with such an excellent organizing committee team for their hard work in organizing and supporting the conference. In particular, the Scientific Committee led by Cand Dr Robbi Rahim M Kom have completed the peer review process of technical papers and made a high quality technical program. We are also grateful to Students Conference chairs were leading by Ida Ayu Made Diah Paramiswari for their support and all the authors who submitted their papers to the First ICTES 2018. We strongly believe that ICTES conference provides a good forum for all academicians, researchers, and practitioners to discuss all Educational science and technology aspects that are relevant to issues and challenge for sustainability in the 4th industrial revolution. We also expect that the future ICTES conference will be as successful and stimulating as indicated by the contributions presented in this volume. Mother Earth,
