and function of wedding ritual and the way in which specifically Christian ritual is incorporated into and informs a more complex ritual whole Narrative an increasingly important interpretative concept in both theology and the social sciences is also employed as an analytical tool to examine both the way individuals make sense of their own experiences and actions In addition to a detailed account of contemporary practice weddings are shown to offer important insights into pastoral and liturgical practice and the ministerial identity of clergy Moreover weddings are revealed as vital events in contemporary social life consolidating and displaying the socially embedded identity of marrying couples
