

AP U.S. History Syllabus

Rob Henry

henryr@rainier.wednet.edu

The objective of this course is to increase the student's understanding of United States history and to have each student pass the AP Examination with a score of "3" or higher. The course is divided into two semesters, Contact through Reconstruction and *The Gilded Age* to the present. The areas of concentration include historical, political and economic history coupled with an intense study of cultural and intellectual institutions and their development. These areas will be studied from a variety of perspectives with the hope of providing a balanced view of history. **This course is taught at the college level.** The major difference between a high school and college history course is the amount of reading and depth of focus. Moreover, the AP curriculum stresses higher order thinking skills within a rigorous academic context. Thus, the student will be required frequently to analyze, synthesize, and evaluate primary and secondary historical sources in addition to memorizing, comprehending, and applying facts.
