,1970 **Walking on Air by George the Greek** George Livieratos, 2003-12-26 This book is a story about the life of George Livieratos whose success personified the American Dream It is a story of an adventurous life filled with endless involvements As a young child in Greece he becomes an orphan during World War II when both of his parents were killed during a German bombing attack Joining the merchant marines George traveled around the world and enjoyed the experiences of many cultures At the age of 21 George immigrated to the United States After 35 years of hard work and a lot of good times he reaches a financial plateau of rich and fame He had become the Chairman of one of the fastest growing penny stock companies on Wall Street In 1983 George became one of the first targets of the United States Organized Crime Task Force This action brought him and his family into the lowest level of human despair when ultimately led to the death of his son and the destruction of his financial empire The story is very exciting it tells how he made his deals and can help to mature students of business overnight His deal making shows a simple way to do business using common sense and golden rules George is a capitalist with a liberal heart It takes courage and power to face the forces of evil to defy them provoke them and ignore their ruthless power The transcripts of his trials prove his courage and statements This book tells how he stood up for his principles of loyalty pride and self respect Sacrificing himself and taking a fall Discover how the resolve of this Greek immigrant s mind and soul empowered him to defy incarceration and even death from his compelled oppressors In 1986 when he was incarcerated and refused bail pending his appeal his morale remained as furious as ever This story details how the U S Justice Department prosecuted and convicted Mr Livieratos and his co defendants The story indicates that interpretation politics and selective application of the law can lead to the conviction of the best intentioned while protecting the potentially less desirable His description of the Federal Prison System is in such detail and simplicity that it can be used

by inmates as a Federal Prison manual His characterization of governmental regulatory agencies depicts them as large bureaucratic quagmires which complicates and destroys the interest of the victimized citizens Although considered outrageous by some he provides opinions on how he thinks organized crime and the mafia was a better alternative to the current drug infested street crime His human instincts will open the public s eyes and hearts for a better society based on love and care for all humans The author hopes this book will wake up Americans to strive for equal justice for all regardless of your social status color or religion The Authors main point is to expose his characterization of the hypocrisy of government officials who don t care about the people but only the power they posses His colorful sexual encounters and lustful desires add some levity to an otherwise tragic Greek epic *Official Gazette of the United States Patent and Trademark Office* ,2000 Consolidated Listing of Official Gazette Notices Re Patent and Trademark Office Practices and Procedures ,2007
