American Immigration Policy Essays:

Immigration Policy in the USA Markus Rachbauer, 2008-06-30 Essay from the year 2007 in the subject Politics Region USA grade 3 University of Salzburg Institut für Geschichte und Politikwissenschaft language English abstract My essay will be about the immigration policy of the United States of America The U S administration has tightened measures against illegal immigration to the USA since the 1980s Especially the immigration of unskilled workers should be avoided As we will see the U S administration struggles with lacking reform in immigration policy that's why a conflict between the federal and state level exists Especially since the terrorist attacks of 11th of September 2001 the immigration policy has dramatically been changed Now security issues have become the most important topic Already existing bilateral relations between the USA and countries of origin of immigrants have also been affected The first chapter of this essay will be about the changes in immigration policy since the 1980s I will try to describe the most important new anti immigrant laws Furthermore I will show the reasons for these legal changes In the second chapter I will write about general reasons for changes in immigration policy in the United States and the meaning of the incidents of September 2001 The third chapter will be about the interest groups which are important in immigration policy I will try to show how immigration policy is influenced and by whom My hypothesis for this essay is that U S immigration has changed at the latest since the beginning of the 1990s the level of education of the immigrants got more important because of economic reasons Since the terror attacks in 2001 immigration is restricted because of safety reasons American Immigration Policy Steven G. Koven, Frank Götzke, 2010-08-09

Collaboration can be a painful process especially between authors of different disciplines This book is an outgrowth of discussions between a Political Scientist and Economists at the School of Urban and Public Affairs University of Louisville The Economics perspective is found in Chapter 3 and was largely written by Frank Götzke The Political Science oriented review Chapters 2 and 6 as well as all the case studies were largely provided by Steven Koven Most of the book but especially Chapters 4 5 and 7 evolved as a consequence of conversations between the two authors We believe the product of two disciplinary approaches has produced a collective outcome that is greater than the sum of individual parts would have been In this book we have attempted to combine the analytical empirical historical political and economics approaches Chapter 3 presents an analytical model based on economics Chapters 4 and 5 summarize empirical census data related to immigrants and Chapter 6 reviews the legislative and political history of immigration *U.S. Immigration Policy and World Population Problems* Virgil Salera, 1960 Debates on U.S. Immigration Judith Gans, Elaine M. Replogle, Daniel J. Tichenor, 2012-10-17

This volume uses introductory essays followed by point counterpoint articles to explore prominent and perennially important debates providing readers with views on multiple sides of the complex issue of US immigration **A Companion to American Immigration** Reed Ueda, 2011-03-21 A Companion to American Immigration is an authoritative collection of original essays by leading scholars on the major topics and themes underlying American immigration history Focuses on the

two most important periods in American Immigration history the Industrial Revolution 1820 1930 and the Globalizing Era Cold War to the present Provides an in depth treatment of central themes including economic circumstances acculturation social mobility and assimilation Includes an introductory essay by the volume editor Making and Remaking America: Immigration into the United States , During the 1980s and 1990s the U S Congress responded to growing gaps between immigration policy and immigration reality by making major changes in immigration laws and their administration In 1986 the United States enacted the world s largest legalization program for unauthorized foreigners and introduced sanctions on employers who knowingly hired illegal foreign workers Instead of slowing illegal immigration however this program allowed more foreigners to arrive legally and illegally which prompted another round of reforms in 1996 aimed at ensuring that new arrivals would not receive welfare payments On September 11 2001 foreigners in the United States hijacked four commercial planes Two were flown into the World Trade Center towers in New York City bringing them down and killing 3 000 people President George W Bush declared war on terrorists and the countries that harbor them and Congress enacted legislation to fight terrorism This includes new measures for tightening procedures for issuing visas to foreign visitors tracking foreign students and visitors while they are in the United States and giving immigration authorities new power to arrest and detain foreigners suspected of ties to terrorism The Immigration and Naturalization Service was abolished and its functions of preventing illegal immigration and providing services to foreign visitors and immigrants were separated in the new Department of Homeland Security However anti terrorism measures have not slowed immigration to the United States America is poised to remain the world s major destination for immigrants and as patterns in U S history suggest most of the newcomers will soon become Americans However past success in integrating immigrants does not guarantee that integrating newcomers will be easy or automatic As immigrants continue to make and remake the country the United States must develop an immigration policy for the twenty first century
