American Legion Officer's Guide American Legion, 19?? *Guide to U.S. Foundations, Their Trustees, Officers, and Donors*, 1993 A Sociology of the Total Organization Mikaela Sundberg, 2016-03-09

Examining the organization of everyday life inside the regiments of the French Foreign Legion this book takes its theoretical point of departure in the notion of the voluntary total organization that is to say an institution that constitutes a geographically delimited place of residence and work in which inmates are voluntarily separated from the outside world leading an enclosed formally administered life Informed by a modified version of Goffman's original concept of the total institution A Sociology of the Total Organization untangles the Foreign Legion and the ways in which different kinds of social orders interplay there With a focus on regimental life the author characterizes the armed forces not only as a total organization but also as a greedy one seeking undivided loyalty and the incorporation of all social roles within its bounds Against this understanding the book draws on rich ethnographic work to develop the notion of atomistic unity the ideal relational condition that exists in the military in which individuals commit to a unit and articulate ties with individuals on an impersonal basis grounded in the belief in a greater whole A detailed and empirically grounded study of the mechanisms in which the Foreign Legion not only cuts members ties to people outside the organization but also restricts the creation and maintenance of ties among its members this book shows how atomistic unity is not limited to greedy organizations such as the military but applies to a variety of collectivist settings As such it will appeal to scholars of sociology and anthropology with interests in military life social relations social theory and the work of Goffman

The British Army Guide, 2016-2017 Charles Heyman, 2015-11-30 In 1984 the first edition of the British Army Guide was published and in September 2015 the 13th edition will be on sale This invaluable information resource which deals with all aspects of British Army organisation recruitment and training has been extremely popular with service personnel the defence industry military libraries and other groups who are interested in the British Army worldwide Copies can be seen on desks throughout the UK Ministry of Defence and it would be fair to say that almost every foreign defence attache in London has a copy in his briefcase Chapters include a Defence Overview Army Organisation International Commitments Armour Infantry Artillery Army Aviation Engineers Communications and Combat Service Support Units of the Army Recruiting and Training Reserve Forces plus a final Miscellaneous Chapter which deals with a number of items essential to understanding How the British Army functions on a daily basis Lavishly illustrated throughout there is no comparable publication available on the market Guide to Civilian Organizations, 1942
