Martini, *The Living Signature: The Body's Power to Heal and the Question of Design* Dr. Octavian Caius Obeada, 2025-06-26 In *The Living Signature* The Body s Power to Heal and the Question of Design science and spirit converge in a captivating exploration of the human body as more than mere biology Drawing from philosophy theology medicine and biology this book challenges the view that life is the product of blind chance From the cellular dance of regeneration to the breathtaking orchestration of body systems it reveals signs of purpose woven into the fabric of life itself For the scientist the skeptic and the seeker alike this is an invitation to see the body not just as alive but as alive with meaning I will praise thee for I am fearfully and wonderfully made wrote a grateful King David in Psalm 139 three thousand years ago He didn t know the half of it In this marvelous book Dr Octavian Caius Obeada focuses on the marvelous ability of life to regenerate and heal itself surveying what philosophers and theologians throughout the ages
