Reading deeply in the personal letters daybooks diaries bedside notes and published writings of doctors Stowe illuminates an
entire world of sickness and remedy suffering and hope and the deep ties between medicine and regional culture In a distinct
American region where climate race and slavery and assumptions about southernness profoundly shaped illness and healing
in the lives of ordinary people Stowe argues that southern doctors inhabited a world of skills medicines and ideas about
sickness that allowed them to play moral as well as practical roles in their communities Looking closely at medical education
bedside encounters and medicine s larger social aims he describes a country orthodoxy of local social medical practice that
highly valued the art of medicine While not modern in the sense of laboratory science a century later this country orthodoxy
was in its own way modern Stowe argues providing a style of caregiving deeply rooted in individual experience moral values
