Human Heart, Cosmic Heart Thomas Cowan, 2016-10-22 This book is life

changing for those trying to understand their own bodies or those of loved ones and it's truly transformative in the hands of medical professionals especially young doctors

Foreword Reviews Thomas Cowan was a 20 year old Duke grad bright skeptical and already disillusioned with industrial capitalism when he joined the Peace Corps in the mid 1970s for a two year tour in Swaziland There he encountered the work of Rudolf Steiner and Weston A Price two men whose ideas would fascinate and challenge him for decades to come Both drawn to the art of healing and repelled by the way medicine was and continues to be practiced in the United States Cowan returned from Swaziland went to medical school and established a practice in New Hampshire and later San Francisco For years as he raised his three children suffered the setback of divorce and struggled with a heart condition he remained intrigued by the work of Price and Steiner and in particular with Steiner's provocative claim that the heart is not a pump Determined to practice medicine in a way that promoted healing rather than compounded ailments Cowan dedicated himself to understanding whether Steiner's claim could possibly be true And if Steiner was correct what then is the heart What is its true role in the human body In this deeply personal rigorous and riveting account Dr Cowan offers up a daring claim Not only was Steiner correct that the heart is not a pump but our understanding of heart disease with its origins in the blood vessels is completely wrong And this gross misunderstanding with its attendant medications and risky surgeries is the reason heart disease remains the most common cause of death worldwide In *Human Heart Cosmic Heart* Dr Thomas Cowan presents a new way of understanding the body's most central organ He offers a new look at what it means to be human and how we can best care for ourselves and one another This book deserves to be in everyone's library It's loaded with great information and it can save your life or the life of someone you love

Dr Joseph Mercola [National Library of Medicine Audiovisuals Catalog](#) National Library of Medicine (U.S.), [Congenital Heart Disease: A Surgical Color Atlas](#) A. Sukru Mercan, MD, FETCS, Zakariya Hubail, BMedSc, MD, FAAP, S. Yen Ho, PhD, FRCPath, FESC, FHEA, 2015-01-31 *Congenital Heart Disease A Surgical Color Atlas* is a pictorial illustration with over 750 stunning photographs and line drawings that highlight important surgical anatomic and pathologic points of congenital heart disease This impressive work by a surgeon a cardiologist and a pathologist features full color images as seen through the surgeon's eyes juxtaposed with line drawings to allow for the full examination of anatomic and surgical details From the Preface This Atlas may very well be the most accurate photographic description of congenital heart disease ever published

Geographical Imagination and the Authority of Images Denis E. Cosgrove, 2006 *Geographical imagination and the authority of images* collects three papers and an interview on the themes presented and discussed during the 2005 Hettner lectures Cosgrove examines the roles that vision and imagination have played in shaping material and represented

landscapes at scales ranging from the local and regional to the global and cosmic The book presents substantive studies of cosmographic and global mapping the picturesque tradition and suburban Los Angeles and the use of aeTranspennine England as a geographical art gallery Embedded in these are theoretical and ethical reflections on the ways that we come to know the world ourselves and each other through geographical engagements especially when these are mediated through graphic images The interview locates these themes within the context of Denis Cosgrove s development as a geographer and his response to debates within the discipline about the roles of imagination culture and representation within geographies s humanities tradition Contents Peter Meusburger Hans Gebhardt Introduction Hettner Lecture 2005 in Heidelberg Denis Cosgrove Apollo s eye a cultural geography of the globe Denis Cosgrove Landscape culture and modernity Denis Cosgrove Regional art Transpennine geography remembered and exhibited Tim Freytag Heike Joens Vision and the culturalae in geography a biographical interview with Denis Cosgrove The Klaus Tschira Foundations gGmbH u Photographic representations Hettner Lecture 2005 u List of participants

The Purple Island and Anatomy in Early Seventeenth-century Literature, Philosophy, and Theology Peter Mitchell,2007 Sets out to reconstruct and analyze the rationality of Phineas Fletcher s use of figurality in The Purple Island 1633 a poetic allegory of human anatomy This book demonstrates that the analogies and metaphors of literary works share coherence and consistency with anatomy textbooks

An Inductive Approach to Engineering Thermodynamics George Sidebotham,2022-03-28 This textbook provides an alternative inductive treatment of traditional Engineering Thermodynamics e g energy and its transformations in engineering systems and introduces the notion of eXergy The book begins with energy methods developed in mechanics and transitions to thermodynamics by introducing both 1st and 2nd Laws of Thermodynamics immediately incorporating more advanced concepts using practical applications This methodology continues throughout the text wherein consideration of a specific example leads to general conclusions At the same time the author introduces eXergy also called Availability a measure of the potential of a substance to produce useful mechanical work in being brought from its current state to the conditions of the local environment The book facilitates students understanding with workshop problem statements and guided spreadsheet It is appropriate for a sophomore or junior level first course in thermodynamics and is restricted to simple compressible substances with no formal chemical reaction development Mechanical engineering applications are the primary target where several follow up courses would follow fluid mechanics heat transfer and a 2nd thermos course Civil or electrical engineering students could benefit from just this course and chemical engineering programs could develop chemically reacting and non ideal applications in follow up courses

Doppelgangers, Alter Egos and Mirror Images in Western Art, 1840-2010 Mary D. Edwards,2020-06-15 The notion of a person or even an object having a double has been explored in the visual arts for ages and in myriad ways portraying the body and its soul a woman gazing at her reflection in a pool or a man overwhelmed by his own shadow In this edited collection focusing on nineteenth and twentieth century western art scholars

analyze doppelgangers alter egos mirror images double portraits and other pairings human and otherwise appearing in a large variety of artistic media Artists whose works are discussed at length include Richard Dadd Salvador Dali Egon Schiele Frida Kahlo the creators of Superman and Nicola Costantino among many others [Temple Bar](#) George Augustus Sala, Edmund Yates, 1870 [Temple Bar](#), 1870 **America's Favorite Holidays** Bruce David Forbes, 2015-10-27 America's Favorite Holidays explores how five of America's culturally dominant holidays Christmas Valentine's Day Easter Halloween and Thanksgiving came to be what they are today combinations of seasonal and religious celebrations heavily influenced by modern popular culture Distilling information from a wide range of sources Bruce David Forbes reveals the often surprising history behind the traditions of each holiday The book offers a comprehensive look at the Christian origins of these holidays and also touches on Passover the religions of ancient Rome Celtic practices Mexico's Day of the Dead and American civil religion America's Favorite Holidays answers our curiosity about the origins of our holidays and the many ways in which religion and culture mix Provided by publisher *The Big Picture: Gross Anatomy, Medical Course & Step 1 Review, Second Edition* David A. Morton, K. Bo Foreman, Kurt H.
