Proceedings and Addresses of the American Philosophical Association American Philosophical Association, 2009 List of members in v 1 Subject Guide to Books in Print , 1993 American Book Publishing Record , 2006 Philosophy, a Text with Readings Manuel G. Velasquez, Vincent E. Barry, 1988 **History of Ethics** Daniel Star, Roger Crisp, 2019-05-06

Is there an objective moral standard that applies to all our actions To what extent should I sacrifice my own interests for the sake of others How might philosophers of the past help us think about contemporary ethical problems As the most recent addition to the Blackwell Readings in Philosophy series History of Ethics Essential Readings with Commentary brings together rich and varied excerpts of canonical work and contemporary scholarship to span the history of Western moral philosophy in one volume Editors Star and Crisp noted scholars in their fields expertly introduce the readings to illuminate the main philosophical ideas and arguments in each selection and connect them to broader themes These detailed and incisive editorial commentaries make the primary source texts accessible to students while guiding them chronologically through the history of Western ethics Structured around a thematic table of contents divided into three distinct sections

History of Ethics charts patterns in the development of ethical thought across time to highlight connections between intellectual movements. Selections range from the work of well known figures such as Plato Aristotle Nietzsche and Mill to the work of philosophers often overlooked by such anthologies including Butler Smith Sidgwick Anscombe Foot and Frankena. Star and Crisp skillfully arrange the collection to connect readings to contemporary issues and interests by featuring examples such as Aquinas on self defense and the doctrine of double effect Kant on virtue and Mill's The Subjection of Women. Written for students and scholars of ethics History of Ethics is a comprehensive collection of readings with expert editorial commentary that curates the most important and influential work in the history of ethics in the Western world.

The British National Bibliography Arthur James Wells, 2009 **Reports and Speeches**, 1966 **Medieval Philosophy** John F. Wippel, 1969 Wippel and Wolter are perhaps the most respected names in metaphysical thought of the middle ages *Catalog of Recorded Books* Recording for the Blind, 1966 Imagining Creation Markham (Mark) Geller, Mineke Schipper, 2007-10-01 Imagining Creation is a collection of views on creation by noted authors from different disciplines. Topics include creation accounts and iconography from Mesopotamia and Egypt and cosmologies from India and Africa. Special attention is devoted to creation in the Scriptures Bible and Koran and related oral traditions on Genesis from Slavonic Europe as well as Kabbalah. Some of the creations myths are earlier and some later than the Bible while a number of the discussed texts offer alternative approaches to the beginnings of the universe. The contributions provide many new perspectives on the origins of man and his world from diverse cultures. The volume is the proceedings of a symposium on creation stories held at University College London **Praying for Base Hits** Bruce Clayton, 1998 From his vivid memories Clayton gathers a quirky cast of characters Minnie his zealously religious maternal grandmother who refers to Kansas City as Sodom and Gomorrah Buck his paternal grandfather a cold but handsome devil who commits suicide before Clayton's birth Old Man Pierce the callous greedy pharmacist who cringes at the sight of Clayton and the rest of the drugstore cowboys and Ed the cabbie who reads and quotes Spinoza while hanging out at the Home Plate an all night eatery and favorite haunt of Clayton's **Feminism And Philosophy** Nancy Tuana, 2018-02-06 The past twenty years have seen an explosion of work by feminist philosophers and several surveys of this work have documented the richness of the many different ways of doing feminist philosophy. But this major new anthology is the first broad and inclusive selection of the most important work in this field. There are many unanswered questions about the future of feminist philosophy. Which of the many varieties of feminist philosophy will last and which will fade away? What kinds of accommodations will be possible with mainstream non feminist philosophy? Which will separate themselves and flourish on their own? To what extent will feminists change the topics philosophers address? To what extent will they change the very way in which philosophy is done? However these questions are answered it is clear that feminist philosophy is having and will continue to have a major impact on the discipline of philosophy. This volume is the first to allow the scholar the student and other interested readers to sample this diverse

literature and to ponder these questions for themselves Organized around nine traditional types of feminist philosophy Feminism and Philosophy is an imaginatively edited volume that will stimulate readers to explore many new pathways of understanding It marks a defining moment in feminist philosophy and it will be an essential text for philosophers and for feminist theorists in many other fields Readings of Plato's Apology of Socrates Oda E. Wiese Tvedt, Vivil Valvik Haraldsen, Olof Pettersson, 2017-12-28 In Plato's Apology of Socrates we see a philosopher in collision with his society a society he nonetheless claims to have benefited through his philosophic activity It has often been asked why democratic Athens condemned a philosopher of Socrates character to death This anthology examines the contribution made by Plato's Apology of Socrates to our understanding of the character of Socrates as well as of the conception of philosophy Plato attributes to him The 11 chapters offer complementary readings of the Apology which through their different approaches demonstrate the richness of this Platonic work as well as the various layers that can be discerned in its presentation of Socrates While the contributions display variety in both topics and angles they also share common features An awareness of the importance of the literary aspects of Plato's courtroom drama as well as a readiness to take into consideration the historical context of the work Thereby they provide contributions to a manifold understanding of the aims and impact of the work without losing sight of the philosophical questions that are raised by Socrates confrontational and unrepentant defense speech Allowing the character of Socrates to take center stage the chapters of this volume examine the philosopher in relation to ethics and to politics and democracy as well as to the ideology religion and virtue shared by the Athenians Readers will also find reflections on classical Platonic subjects such as the nature of Socratic philosophical inquiry and of philosophy itself as well as on the notoriously ambiguous relationships between philosophy sophistry and rhetoric and their several relationships to truth and justice The anthology emphasizes and explores the equivocal and sometimes problematic aspects of Socrates as Plato presents him in the Apology illuminating why the Athenians let the verdict fall as they did while drawing out problematic features of Athenian society and its reaction to Socrates philosophic activity thereby encouraging reflection on the role philosophy can play in our modern societies The Publishers Weekly, 2002 **New York Herald Tribune Book Review**, 1960 Teaching Philosophy, 1975 **The Classical Outlook**, 1999
