Japan's New Left Movements Takemasa Ando, 2013-10-08 The Fukushima Daiichi nuclear accident that followed the March 2011 tsunami and earthquake in Japan shocked the world In the wake of the disaster questions were asked as to why Japanese antinuclear movements were not able to prevent those with vested interests such as businesses bureaucrats the media and academics from facilitating nuclear energy policies Taking this question as its starting point this book looks more widely at the development and powerlessness of Japanese civil society and seeks to untangle this intersection between social movements and civil society in postwar Japan Central to this book are the Japanese New Left movements that emerged in the 1960s and 1970s and the impact they have had on civil society and politics By focusing on a key idea that a wide range of new leftists shared the self revolution in everydayness Takemasa Ando shows how these groups did not seek immediate change in the realms of politics and legislation but rather it was believed that personal transformation would lead to broader social and political change By reconsidering the relationship between Japanese New Left movements of the 1960s and later social movements this book crucially connects the constructive and disruptive legacies of the movements and in doing so provides valuable insights into the powerlessness that plagues Japanese civil society today Presenting a comprehensive picture of the New Left movements and their legacies in Japan this book will be of great interest to students and scholars working in the fields of Japanese politics Japanese history and Japanese culture and society

Russia's Chechen War Tracey C. German, 2003-12-08 Widespread media interest into the Chechen conflict reflects an ongoing concern about the evolution of federal Russia Why did the Russian leadership initiate military action against Chechnya in December 1994 but against no other constituent part of the Federation This study demonstrates that the Russian invasion represented the culmination of a crisis that was perceived to have become an increasing threat not only to the stability of the North Caucasus region but also to the very foundations of Russian security It looks closely at the Russian Federation in transition following the collapse of the communist Soviet Union and the implications of the 1991 Chechen Declaration of Independence in the context of Russia's democratisation project

Globalisation and Governance in the Pacific Islands Stewart Firth, 2006-12-01 The Pacific Islands are feeling the effects of globalisation Free trade in sugar and garments is threatening two of Fiji's key industries At the same time other opportunities are emerging Labour migration is growing in importance and Pacific governments are calling for more access to Australia's labour market Fiji has joined Samoa Tonga Tuvalu and Kiribati as a remittance economy with thousands of its citizens working overseas Meantime Papua

New Guinea and Solomon Islands grapple with an older kind of globalisation in which overseas companies exploit mineral and forest resources The Pacific Islands confront unique problems of governance in this era of globalisation The modern democratic state often fits awkwardly with traditional ways of doing politics in that part of the world Just as often politicians in the Pacific exploit tradition or invent it to serve modern political purposes The contributors to this volume examine Pacific globalisation and governance from a wide range of perspectives They come from Papua New Guinea Solomon Islands Hawaii i the Federated States of Micronesia Samoa Fiji New Zealand and Jamaica as well as Australia Publisher s description
