Sacul,2011-08-15 In order to understand this provocative article as my personal analogy that is concerning my outlook on life and religion especially my critical view referring to the creation of our universe and life including all diseases here on earth I will try my best to present my analogy in a most rational way explaining all the short comings in reference to our life including my belief in the Judeo Catholic religion I will especially scrutinize the Judeo Christian religion to which I was introduced in my childhood Unfortunately history and my passed life are now in a distant passed Yes I soon realized that I had to change my stalemated view on life to which I was introduced in my childhood I had to bring it to a platform of a new concept to view Nature and religion from a different angle to a platform of reality As for myself I sense a negative opinion as to my most open and forward references concerning religion and God Some may call me The Diablo s Incarnates Surely each one of us has the privilege to his own opinion This book has no intention to change anyone s mind Its porpoise is to expose the hidden truth which may never be exposed to you otherwise I also would like to point out that in many instances I have repeated myself only to accentuate and highlight the subject in a given paragraph In anticipated criticism and religious hate I am asking to stay anonymous for various reasons If truth is the reason to hate and cause mental unhappiness then one must have objection to the existence of God as God is the only truth **Angels and Children** Teresa Henry,2019-01-17 Life can
