Megalith Aylmer von Fleischer, On the plains of Wiltshire in England lie the remains of ancient giant stones Exactly which people built these stones remains the eternal question Just like the pyramids of Egypt its origins remain

shrouded in mystery Various theories have been put forward as to the race or otherwise of these builders but still much uncertainty remains The evidence is simply overwhelming that the earliest inhabitants of Britain and Ireland were Blacks Mythological archeological linguistic and other sources have substantiated this remarkable fact Candid authorities like the British Egyptologists Gerald Massey and Albert Churchward the Scottish historian David Mac Ritchie and the British antiquarian Godfrey Higgins have done exhaustive research and brought many facts to our knowledge Tacitus Pliny Claudian and other writers have described the Blacks they encountered in the British Isles as Black as Ethiopians Cum Nigris Gentibus nimble footed blackamoors and so on This book reveals much about the Black presence in the early British Isles including the mysterious builders of Stonehenge We learn about the Black Fomorians Partholonians Nemedians Firbolgs Tuatha De Danann Black Danes Black Douglasses the giants or Cyclopes and so on We also learn about the Black serpent worshipping Druids who built serpentine monuments like those at Avebury and Carnac as well as the builders of the Round Towers of Ireland The fact remains that Blacks have played a very important role in the early history traditions religion and so on of early Britain and elsewhere than is generally known and acknowledged This is a must read book **If Black Is a Color, What Is Melanin?**

Marian Olivia Heath Griffin, 2022-07-13 ABOUT THE BOOK Our nation has taken great pains to cover up the history of the Black man Africans and the significance of Melanin in humans Even our White forefathers politically ran this country from before the Declaration of Independence to this very day the twenty first century When Thomas Jefferson constructed the Declaration of Independence other persons such as John Adams and Benjamin Franklin made several changes Ben Franklin even denoted in his writings the no more Africans should be brought from Africa because Whites were already out numbered in this country All men created equal included only White people since African slaves were brought to this country America only for the labor the slaves could produce as well as their knowledge talents and expertise in building this nation All people are given air to breathe as a gift from God and must value themselves and all others It appears that we will struggle for justice and equality for a lifetime and let a moral voice be heard for generations to come Black Lives Matter and All Lives Matter are a starting point There are many changes coming no situation is perfect but with our faith and willingness to accept each other s talents as gifts from our Creator we will prevail as a whole nation God has his finger print on us He s not pleased with us but He has the power and love to rebrand us in His own image *Lost City, Found Pyramid*

Queer Defamiliarisation Helen Palmer, 2020-07-09. Helen Palmer examines the Russian formalist concept of defamiliarisation from a contemporary critical perspective, bringing together new materialist feminisms, experimental linguistic formalism, and queer theory. She explores how we might radically restructure this gesture of making strange to create a dialogue with the affirmations of deviant, errant, alternative, and multiple modes of being which have become synonymous with queer theory. Queer theory harnesses the creative potential of indeterminacy in order to celebrate and affirm infinite dimensions of sexuality and gender, creating space for all human beings to express themselves without the classification or judgement of prescriptive terminologies. Linguistic at its source but going beyond this limit, just like defamiliarisation, the liberating force of queer theory is derived from the removal of terminological boundaries. Palmer asks what a 21st-century queer defamiliarisation might look like and examines the extent to which these affirmative or emancipatory discourses escape the paradoxes of normativity or historicisation. *Forthcoming Books*, Rose Arny, 2000.
