Caciola, 2015-09-25 Trance states prophesying convulsions fasting and other physical manifestations were often regarded as signs that a person was seized by spirits In a book that sets out the prehistory of the early modern European witch craze Nancy Caciola shows how medieval people decided whom to venerate as a saint infused with the spirit of God and whom to avoid as a demoniac possessed of an unclean spirit This process of discrimination known as the discernment of spirits was central to the religious culture of Western Europe between 1200 and 1500 Since the outward manifestations of benign and malign possession were indistinguishable a highly ambiguous set of bodily features and behaviors were carefully scrutinized by observers Attempts to make decisions about individuals who exhibited supernatural powers were complicated by the fact that the most intense exemplars of lay spirituality were women and the fragile sex was deemed especially vulnerable to the snares of the devil Assessments of women s spirit possessions often oscillated between divine and demonic interpretations

Ultimately although a few late medieval women visionaries achieved the prestige of canonization many more were accused of possession by demons Caciola analyzes a broad array of sources from saints lives to medical treatises exorcists manuals to miracle accounts to find that observers came to rely on the discernment of bodies rather than seeking to distinguish between divine and demonic possession in purely spiritual terms **Journal of Orificial Surgery** Edwin Hartley Pratt,1895 **Be Still and Know** Noel K. Estenson,2009-04 An incredible hunch is something you know is a message from a higher power from God the Holy Spirit the universe the source or however you refer to your higher power Cover back **Yoga Journal** ,1996-10 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty *Discerning the Spirit(s)* Amos Yong,2019-03-08 Efforts to construct a Christian theology of religions have inevitably stumbled on the Christian scandal of particularity the historical Jesus of Nazareth What however if we began by focusing on the universal presence and activity of God in the world as symbolized by the Holy Spirit Yong develops just such a pneumatological approach to religions drawing by way of resource on the Pentecostal charismatic experience of the Spirit This book thus invites Pentecostals charismatics and other Christians to conceive of how a pneumatological approach to religions can invigorate the wider ecumenical conversation At the same time it also brings recent Pentecostal charismatic scholarship into dialogue with a broader audience including those interested in philosophical theology world religions global spiritualities and comparative religion and theology *The Imperial Encyclopaedia; Or, Dictionary of the Sciences and Arts* William Moore Johnson,Thomas Exley,1812 **Locke's Image of the World** Michael Jacovides,2017 Michael Jacovides provides an engaging account of how the scientific revolution influenced one of the foremost figures of early modern philosophy John Locke By placing Locke s thought in its scientific religious and anti scholastic contexts Jacovides explains not only what Locke believes but also why he believes it
