The Music Business for Music

Creators Jonny Amos, 2024-06-28 The Music Business for Music Creators is a roadmap to understanding the traditional and emerging income streams that define the modern music industry. It presents the key concepts and principles that underpin the business with an emphasis on educating and empowering the next generation of music creators to build a career from their creative pursuits. The book provides a comprehensive overview of the mechanics of the music business from music publishing, marketing, and contract negotiation to licensing, streaming, and performing. This accessible guide is written with music creators in mind and features case studies, profiles, and interviews with established professionals, as well as a glossary of key terms to empower the reader in their understanding of the industry alongside a number of useful accompanying digital resources. This book is core reading for students of music business and music creation in contemporary music education and an essential resource for those on music production and music performance courses, as well as aspiring and early career professionals.

Music in Esports Eulalia

Febrer-Coll, 2025-07-21 This book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi- and transmedia ecosystem that includes the global entertainment industry where music plays an essential role. The music present in and around esports games is an integral part of how they are communicated and mediated and, as such, holds a central role in binding their narratives cohesively and coherently to appeal to their audiences. Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry. This text uses specific case studies from popular esports to support and illustrate each chapter, including League of Legends, Counter Strike, and Fortnite. This book will be of great interest to researchers and students in the fields of esports, game design and development, musicology, and media studies.
