Cuordileone,2012-11-12 *Manhood and American Political Culture in the Cold War* explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior *This Is Not a President* Diane Rubenstein,2008-01-01 Read The Chronicle of Higher Ed Author Interview In This Is Not a President Diane Rubenstein looks at the postmodern presidency from Reagan and George H W Bush through the current administration and including Hillary Focusing on those seemingly inexplicable gaps or blind spots in recent American presidential politics Rubenstein interrogates symptomatic moments in political rhetoric popular culture and presidential behavior to elucidate profound and disturbing changes in the American presidency and the way it embodies a national imaginary In a series of essays written in real time over the past four presidential administrations Rubenstein traces the vernacular use of the American presidency as currency as grist for popular biography as fictional TV material to explore the ways in which the American presidency functions as a transitional object that allows the American citizen to meet or discover the president while going about her everyday life The book argues that it is French theory primarily Lacanian psychoanalysis and the radical semiotic theories of Jean Baudrillard that best accounts for American political life today Through episodes as diverse as Iran Contra George H W Bush vomiting in Japan the 1992 Republican convention the failed nomination of Lani Guinier and the Iraq War This Is Not a President brilliantly situates our collective investment in American political culture *The Politics of Deception* Patrick J. No Right Turn David T. Courtwright, 2011-02-01 Few question the right turn America took after 1966 when liberal political power began to wane But if they did *No Right Turn* suggests they might discover that all was not really right with the conservative golden age A provocative overview of a half century of American politics the book takes a hard look at the counterrevolutionary dreams of liberalism's enemies to overturn people's reliance on expanding government reverse the moral and sexual revolutions and win the Culture War and finds them largely unfulfilled David Courtwright deftly profiles celebrated and controversial figures from Clare Boothe Luce Barry Goldwater and the Kennedy brothers to Jerry Falwell David Stockman and Lee Atwater He shows us Richard Nixon's keen talent for turning popular anxieties about morality and federal meddling to Republican advantage and his inability to translate this advantage into reactionary policies Corporate interests boomer lifestyles and the media weighed heavily against Nixon and his successors who placated their base with high profile attacks on crime drugs and welfare dependency Meanwhile religious conservatives floundered on abortion and school prayer obscenity gay rights and legalized vices like gambling and fiscal conservatives watched in dismay as the bills mounted We see how President Reagan's mélange of big government strong defense lower taxes higher deficits mass imprisonment and patriotic symbolism proved an illusory form of conservatism Ultimately conservatives themselves rebelled against George W Bush's profligate brand of Reaganism Courtwright's account is both surprising and compelling a bracing argument against some of our most cherished clichés about recent American history
