Clinical Nursing Procedures has been the number one choice for nurses since it first published over 30 years ago. One of the world's most popular books on clinical skills and procedures, it provides detailed procedure guidelines based on the latest research findings and expert clinical advice, enabling nurses and students to deliver clinically effective patient-focused care. The ninth edition of this essential definitive guide, written especially for pre-registration nursing students, now includes a range of new learning features throughout each chapter that have been designed to support student nurses to support learning in clinical practice. Providing essential information on over 200 procedures, this manual contains all the skills and changes in practice that reflect modern acute nursing care.

Medical-surgical Nursing Lois White, Gena Duncan, 2002

Medical Surgical Nursing: An Integrated Approach 2E examines all aspects of this nursing field from how and where the health care delivery system is set up to the nurse's role in care related to IV therapy and diagnostic testing to legal and ethical responsibilities, communication and cultural diversity. This revised edition also includes new chapters covering alternative therapies and responding to emergencies. Case studies, critical thinking questions and exercises developing care plans encourage students to think beyond the classroom. Full color illustrations, cross referencing between chapters and suggested resources are among the many features that will appeal to students. Diagnostic tests are listed alphabetically in chart form, making important information about the test, normal values and nursing responsibilities easy to find. Chapter end critical thinking questions help students apply chapter content. Web Flash box suggests Internet sites students can consult for additional information. Text includes a glossary, a list of abbreviations and acronyms, a listing of the latest NANDA nursing diagnoses and Standard Precautions.

Fundamentals of Pharmacology Shane Bullock, Elizabeth Manias, 2013-10-15

Fundamentals of Pharmacology 7e presents key scientific and clinical principles to facilitate a greater understanding of pharmacology. This wholly Australasian text provides comprehensive and current coverage of topics, written in a clear style with a reader-friendly full colour design.

Nursing Mirror, 1984
