3. The Constitution divides the government into three branches. The legislative branch makes the laws, the executive branch enforces the laws, and the judicial branch explains and interprets the laws.

This is the principle of _____

4. Each branch of government has powers that check or limit what the other two can do.

This is the principle of _____

They were enjoying the late spring weather as the delegations from seven states arrived for the Federal Convention. These great Americans decided to throw the book out the window and draft an entirely new form of government. They worked through the summer to draft the most important document in United States history, the Constitution for the United States of America.

California Sales and Use Tax Answer Book Richard E. Nielsen, 2008. The California Sales and Use Tax Answer Book is the key reference source for which practitioners have been searching. Not only is it comprehensive and clear, it also provides extensive citation to important case and statutory law. The varying rates, the changing jurisdictional boundaries, the different tax bases, and the often inconsistent and contradictory interpretations of similarly worded statutes are all covered. The book also includes a chapter on sales tax reforms, particularly the Streamlined Sales Tax Project.
