16 Intake At Candlelight:

Popovers and Candlelight Marcia Biederman, 2018-09-10 What would you do with your last sixty dollars If you were Patricia Murphy you d turn it into a fortune by buying a rundown Brooklyn diner On the cusp of the Great Depression the diner became an overnight sensation the first of nine popular Patricia Murphy s Candlelight Restaurants that opened over the course of four decades in New York and Florida Popovers and Candlelight recounts how Murphy bucked Mad Men era sexism in a male dominated field and created remarkable dining experiences with solid American fare a talented staff and eye popping decor Dripping in diamonds she transcended ethnic prejudices to become a socialite and built a brand that sold fragrance as well as food Mutinous siblings a desperate manager and a typhoid outbreak brought it all to an operatic end but Marcia Biederman restores Murphy and her contributions to their proper place in women s and culinary history This book will delight readers with its rags to riches story and fascinating view of class gender ethnicity and food culture during much of the twentieth century

Consumption and the Country House Jon Stobart, Mark Rothery, 2016 This study explores the consumption practices of the landed aristocracy of Georgian England Focussing on three families and drawing on detailed analysis of account books receipted bills household inventories diaries and correspondence Consumption and the Country House charts the spending patterns of this elite group during the so called consumer revolution of the eighteenth century Generally examined through the lens of middling families homes and motivations this book explores the ways in which the aristocracy were engaged in this wider transformation of English society Analysis centres on the goods that the aristocracy purchased both luxurious and mundane the extent to which they pursued fashionable modes and goods the role that family and friends played in shaping notions of taste the influence of gender on taste and refinement the geographical reach of provisioning and the networks that lay behind this consumer activity and the way this all contributed to the construction of the country house The country house thus emerges as much more than a repository of luxury and splendour it lay at the heart of complex networks of exchange sociability demand and supply Exploring these processes and relationships serves to reanimate the country house making it an active site of consumption rather than simply an expression of power and taste and drawing it into the mainstream of consumption histories At the same time the landed aristocracy are shown to be rounded consumers driven by values of thrift and restraint as much as extravagant desires and valuing the old as well as the new not least as markers of their pedigree and heritage

Odds Against Tomorrow Judy Turner, Cindy Smith, 2003-11 Jessica Chandler and Blake Randall have a lot of unfinished business Jessica had once idolized Blake and when the opportunity came she had given herself to him shamelessly She tossed his duty bound proposal in his face After all she had her pride An automobile accident took the lives of her parents and caused her many months of physical therapy and grief counseling Although she was in a wheelchair her torn body was healing After several long years Blake was ending his self imposed exile He realized

that time away did not diminish his intense desire for Jessica It did however ease the pain of her rejection Being away from his family had cost him more than he cared to admit and he longed for their close contact Little did Blake and Jessica know that an unexpected encounter would change the course of their lives

Women in Magazines Rachel Ritchie,Sue Hawkins,Nicola Phillips,S. Jay Kleinberg,2016-02-19 Women have been important contributors to and readers of magazines since the development of the periodical press in the nineteenth century By the mid twentieth century millions of women read the weeklies and monthlies that focused on supposedly feminine concerns of the home family and appearance In the decades that followed feminist scholars criticized such publications as at best conservative and at worst regressive in their treatment of gender norms and ideals However this perspective obscures the heterogeneity of the magazine industry itself and women s experiences of it both as readers and as journalists This collection explores such diversity highlighting the differing and at times contradictory images and understandings of women in a range of magazines and women s contributions to magazines in a number of contexts from late nineteenth century publications to twenty first century titles in Britain North America continental Europe and Australia

Campus Cinephilia in Neoliberal South Korea Josie Jung Yeon Sohn,2022-05-16 Taking a transnational approach to the study of film culture this book draws on ethnographic fieldwork in a South Korean university film club to explore a cosmopolitan cinephile subculture that thrived in an ironic unevenness between the highly nationalistic mood of commercial film culture and the intense neoliberal milieu of the 2000s As these time poor students devoted themselves to the study of film that is unlikely to help them in the job market they experienced what a student described as a different kind of fun while they appreciated their voracious consumption of international art films as a very private matter at a time of unprecedented boom in the domestic film industry This unexpectedly vibrant cosmopolitan subculture of student cinephiles in neoliberal South Korea makes the nation s film culture more complex and interesting than a simple nationalistic affair

Congress, 1985 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Evangelicalism and The Decline of American Politics** Jan G. Linn, 2017-09-22 Beginning in the 1970s evangelical Christians decided to become involved in our nation's political life by becoming Republican partisans Today they are widely considered the Republican Party's most reliable constituency In the process American politics has become more bitter chaotic divisive and now dysfunctional There is a significant bipartisan consensus that the Republican Party bears the most responsibility for the state of our nation's politics This is not an endorsement of Democratic policies only an assessment of why our government no longer gets anything done What is often ignored though is the role evangelicals are playing in what is happening This book connects the dots between evangelical theology and evangelical politics The key factor in both is their no compromise attitude that sees negotiations as a betrayal of moral principles confident as they are that they are doing God's work here on earth The result as this book shows is bad politics and bad religion both of which are out of step with the views of most Americans It concludes with suggestions for what the nation and evangelicals themselves can do to open the door to our government being able to function again and to the nation healing some of its divisions Contested Citizenship in East Asia Kyung-Sup Chang, Bryan Turner, 2012-03-22 Theories of citizenship from the West pre-eminently those by T H Marshall provide only a limited insight into East Asian political history The Marshallian trajectory juridical political and social rights was not repeated in Asia and the late nineteenth century debate about liberalism and citizenship among intellectuals in Japan and China was eventually stifled by war colonialism and authoritarian governments both nationalist and communist Subsequent attempts to import western style democratic values and citizenship were to a large extent failures Social rights have rarely been systematically incorporated into the political ideology and administrative framework of ruling governments In reality the predominant concern of both the state elite and the ordinary citizens was economic development and a modicum of material well-being rather than civil liberties The developmental state and its politics take precedence in the everyday political process of most East Asian societies These essays provide a systematic and comparative account of the tensions between rapid economic growth and citizenship and the ways in which those tensions are played out in civil society *Globalization: Culture and identity* Roland

Robertson, Kathleen E. White, 2003 *A Life-Long Story* Anonymous, 2022-10-25 Reprint of the original first published in 1859 Evil Arabs in American Popular Film Tim Jon Semmerling, 2009-06-23 2006 Runner up Arab American National Museum Book Awards The evil Arab has become a stock character in American popular films playing the villain opposite American good guys who fight for the American way It is not surprising that this stereotype has entered American popular culture given the real world conflicts between the United States and Middle Eastern countries particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis the first and second Gulf Wars and the ongoing struggle against al Qaeda But when one compares the evil Arab of popular culture to real Arab people the stereotype falls apart In this thought provoking book Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears which stem from challenges to our national ideologies and myths have driven us to create the evil Arab Other Semmerling bases his argument on close readings of six films *The Exorcist* *Rollover* *Black Sunday* *Three Kings* *Rules of Engagement* and *South Park Bigger Longer Uncut* as well as CNN's 9/11 documentary *America Remembers* Looking at their narrative structures and visual tropes he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples landscapes and cultures Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9/11 Overall Semmerling's probing analysis of America's Orientalist fears exposes how the evil Arab of American popular film is actually an illusion that reveals more about Americans than Arabs **Devouring Cultures** Cammie M.
