World Cars ,1985 Aristotle and Tragic Temporality Sean D. Kirkland,2025 Aristotle and Tragic Temporality treats a theme that has drawn scholarly attention for millennia Aristotle on time and our experience of it It does so however in a wholly unprecedented way grounding its interpretation in his Poetics and Ethics rather than the natural philosophy of the Physics Sean D Kirkland first takes up Aristotle s discussion of our tragic temporal situatedness our having to act think and live always between a determining past we can never fully master and a projected future we can never fully anticipate It is this condition that comes powerfully to light for Aristotle on stage in the performance of a tragic drama The familiar Aristotelian virtue ethics then becomes something radically new in the transforming light of the Poetics temporality an outline of how humans can inhabit that irremediably tragic condition never overcoming or suspending it and arrive nonetheless at something like happiness and excellence Climatological Data United States.
